INFO BOARD

Diversify your campaign - The Info Board is a lightweight and highly customizable single or double-sided display solution. With mixable and completely adjustable attachments connected by a simple system, the Info Board can serve many purposes and meet your needs in any number of ways. The strong and lightweight aluminum construction supports literature holders and a large, easily changed display frame for greater visibility.

7 Different Display Options:

Optional Frame can be positioned either landscape or portrait

Literature Holder is an adjustable attachment

Base is weighted for stability

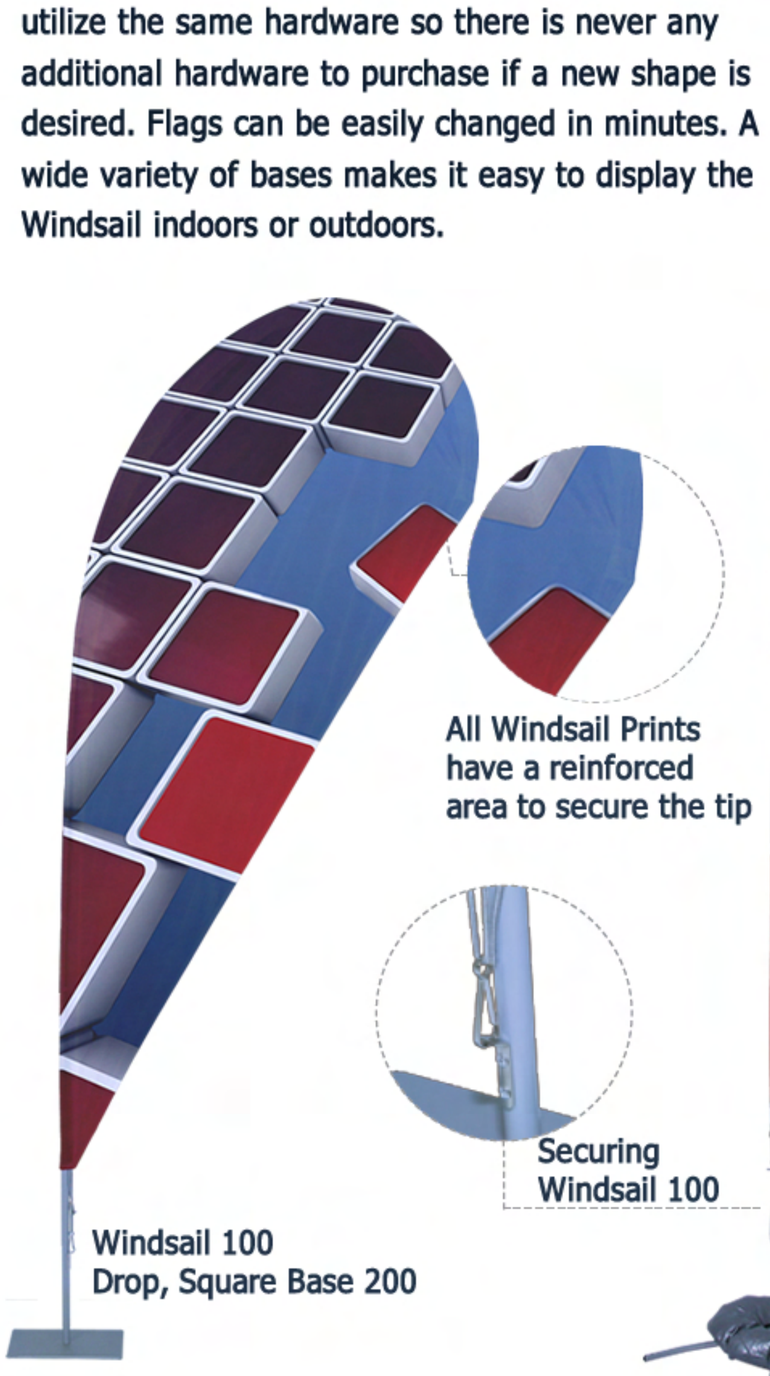

PROFILE SYSTEM

An award winning system - With this high quality aluminum profile system, fabric prints can be presented with trend-setting design and style. The Profile Frame System is the perfect media for changing promotions in car dealerships, retail stores, and showrooms. The system can be hung from the ceiling, fixed to a wall, or used as a free-standing display in any indoor environment. An entirely new or different look is possible with the existing hardware by a simple change of banners.

WINDSAIL 100 / 200

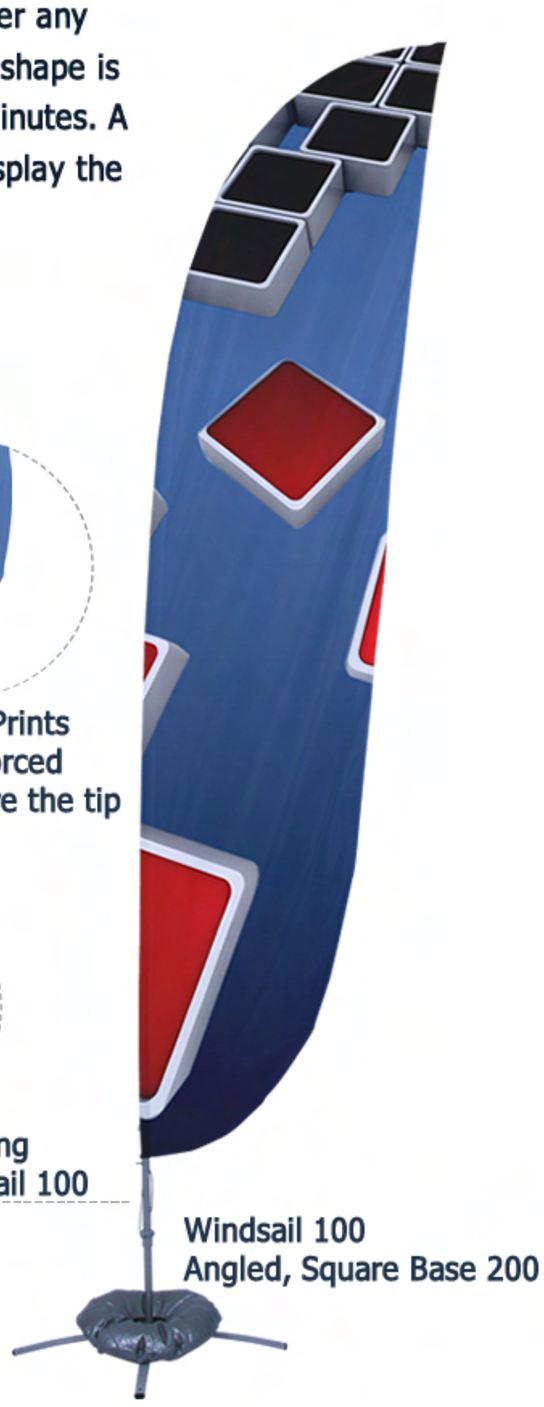

Versatility with style - The Windsail product line is an extremely versatile promotional tool. All shapes utilize the same hardware so there is never any additional hardware to purchase if a new shape is desired. Flags can be easily changed in minutes. A wide variety of bases makes it easy to display the Windsail indoors or outdoors.

All Windsail Prints have a reinforced area to secure the tip

Windsail 200
Convex, Cross Base 200
with Weight Bag L

Windsail 100 & 200

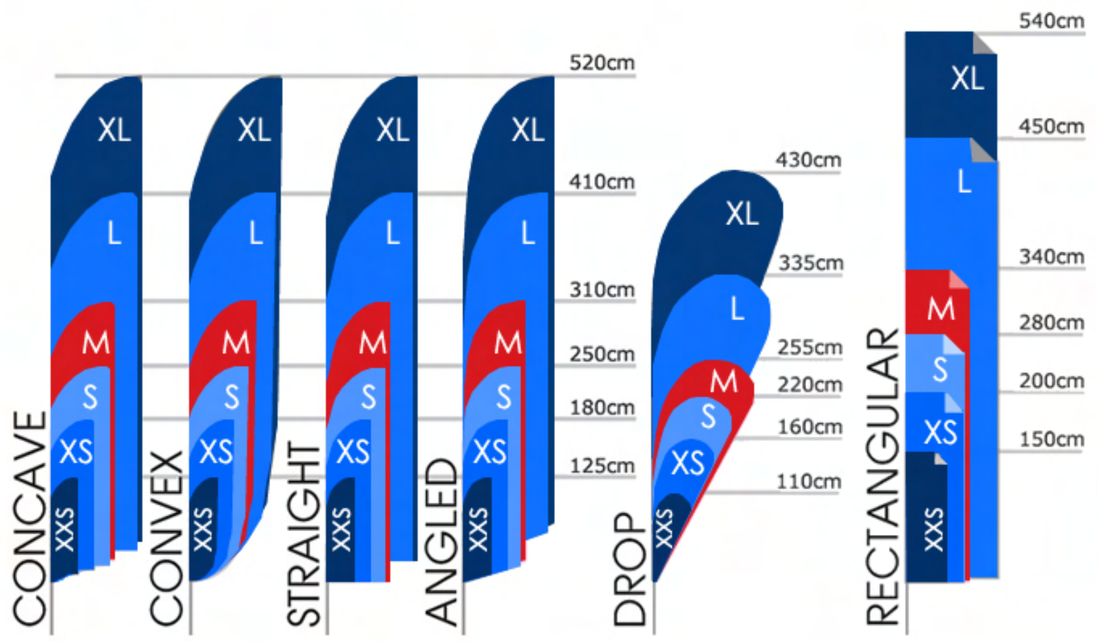

- All 6 shapes are available in both models
- The hardware is interchangeable among all 6 shapes
- Flags are available in single-reverse and double-sided
- Fitted poles prevent internal pole collapse, commonly seen with telescopic poles
- Can disassemble and transport

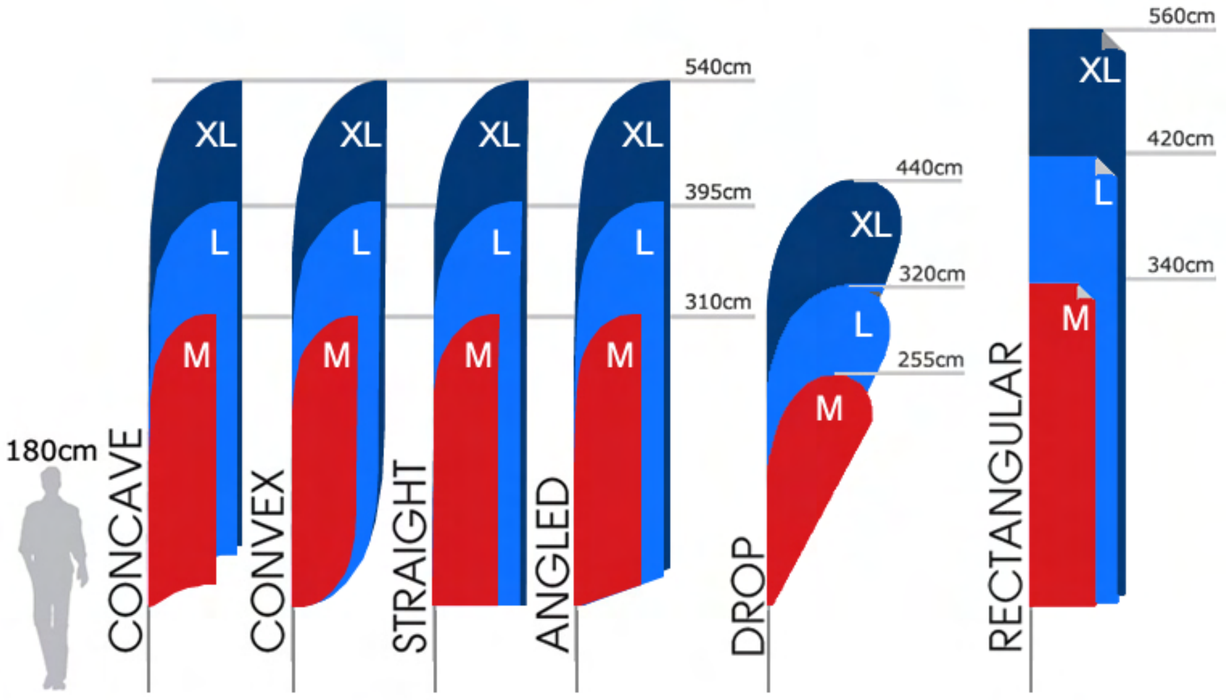

Windsail 100

- Good durability at a competitive price
- Can withstand winds up to 50km/h
- Aluminum and fiberglass poles
- Available in 6 sizes

Windsail 200

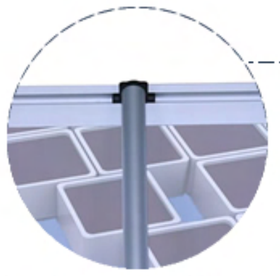

- Increased durability for a reasonable price
- Can withstand winds up to 101km/h
- Aviation-grade fiberglass poles
- Available in 3 sizes

L-BANNER

A distinct ease - The L-Banners are great for budget conscious indoor campaigns. The simple design of this display proves why it is the easiest display stand for anyone to assemble. There are aluminum clamping rails at the top and bottom which allow you to change prints when advertising messages change. This display is the perfect solution for temporary displays and changing atmospheres.

3-Part Pole attaches to Top Clamping Rail

L-Banner 100 Signle

L-Banner Dimensions

Item Name	System Size (cm)	Print Size (cm)
100 Single	80x206x51	80x200
100 Double	80x206x37	(2)x80x200

TRIANGLE DISPLAY

A stylish dimension - Increase visibility with the Triangle Display! The Triangle Display allows you to present three of the same or different messages using the innovative 360 degree hardware. The assembly, changing of prints and transportation of the Triangle Display remains quick and easy while still boasting a modern and functional design.

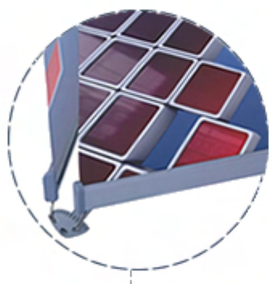

Helpful Hint

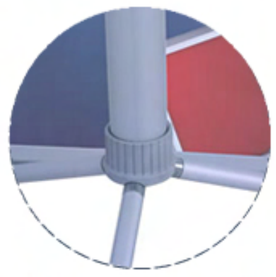

- The Center Pole is spring-loaded to allow for easier assembly.

Aluminum Tripod Base with hooks

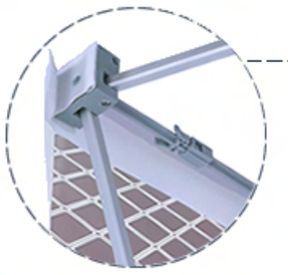

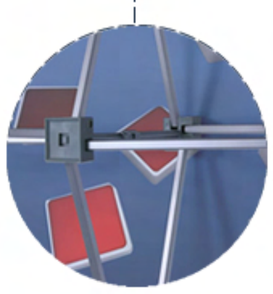

Center Pole with integrated arms

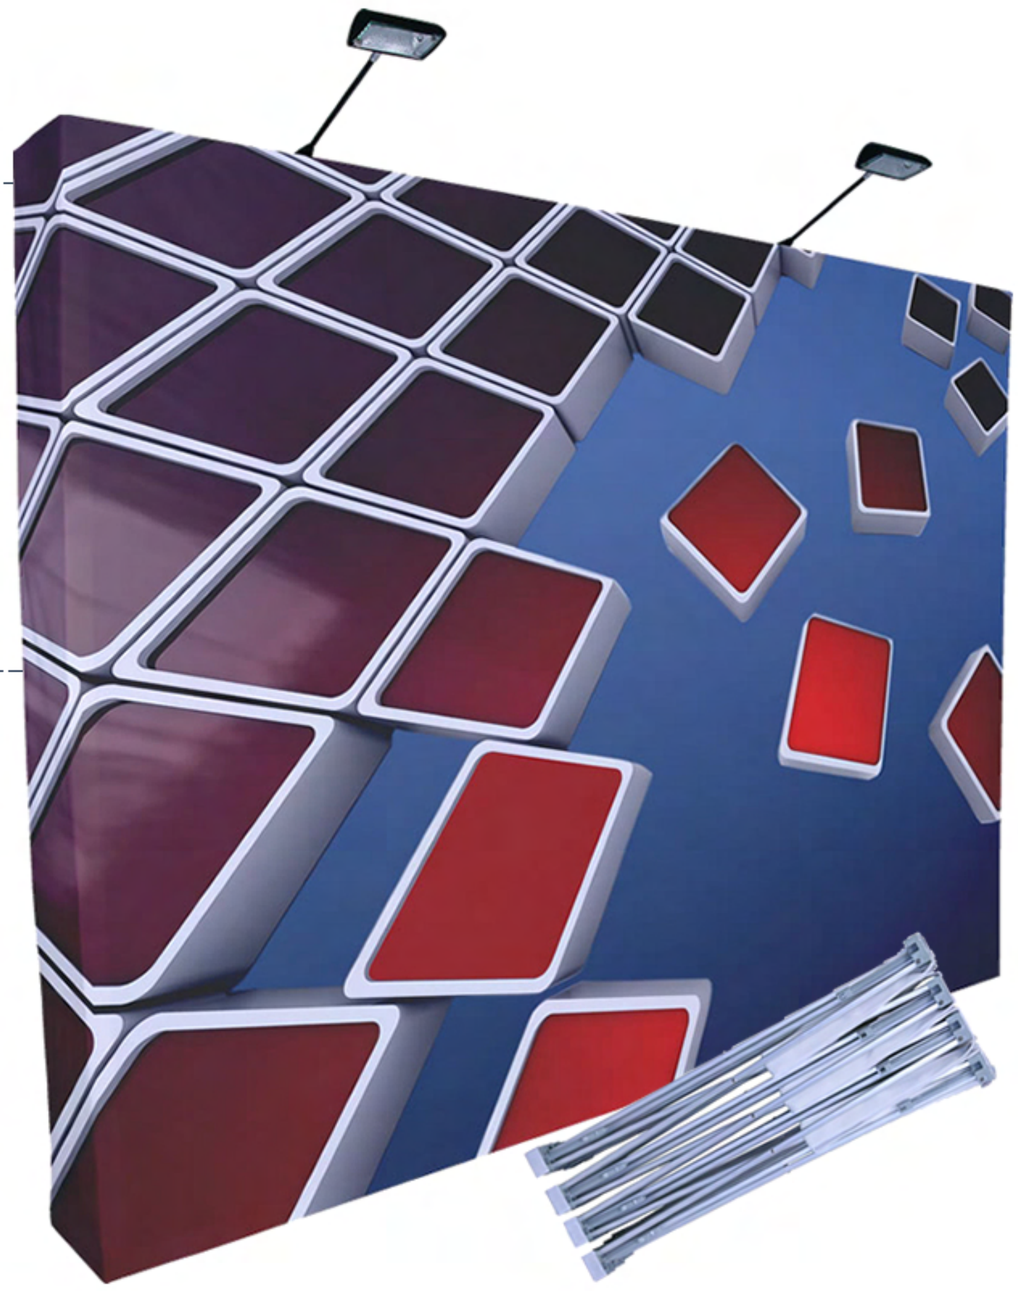

POP UP 100

Attention-grabbing background - The Pop Up 100 is an impressive way to create an attractive backdrop. The design of this fabric display ensures superior durability with little or no effort. When using the Pop Up 100, setup time is minimal and changing advertisements is easy. After use, the print can remain attached and be collapsed for storage in the Travel case with wheels.

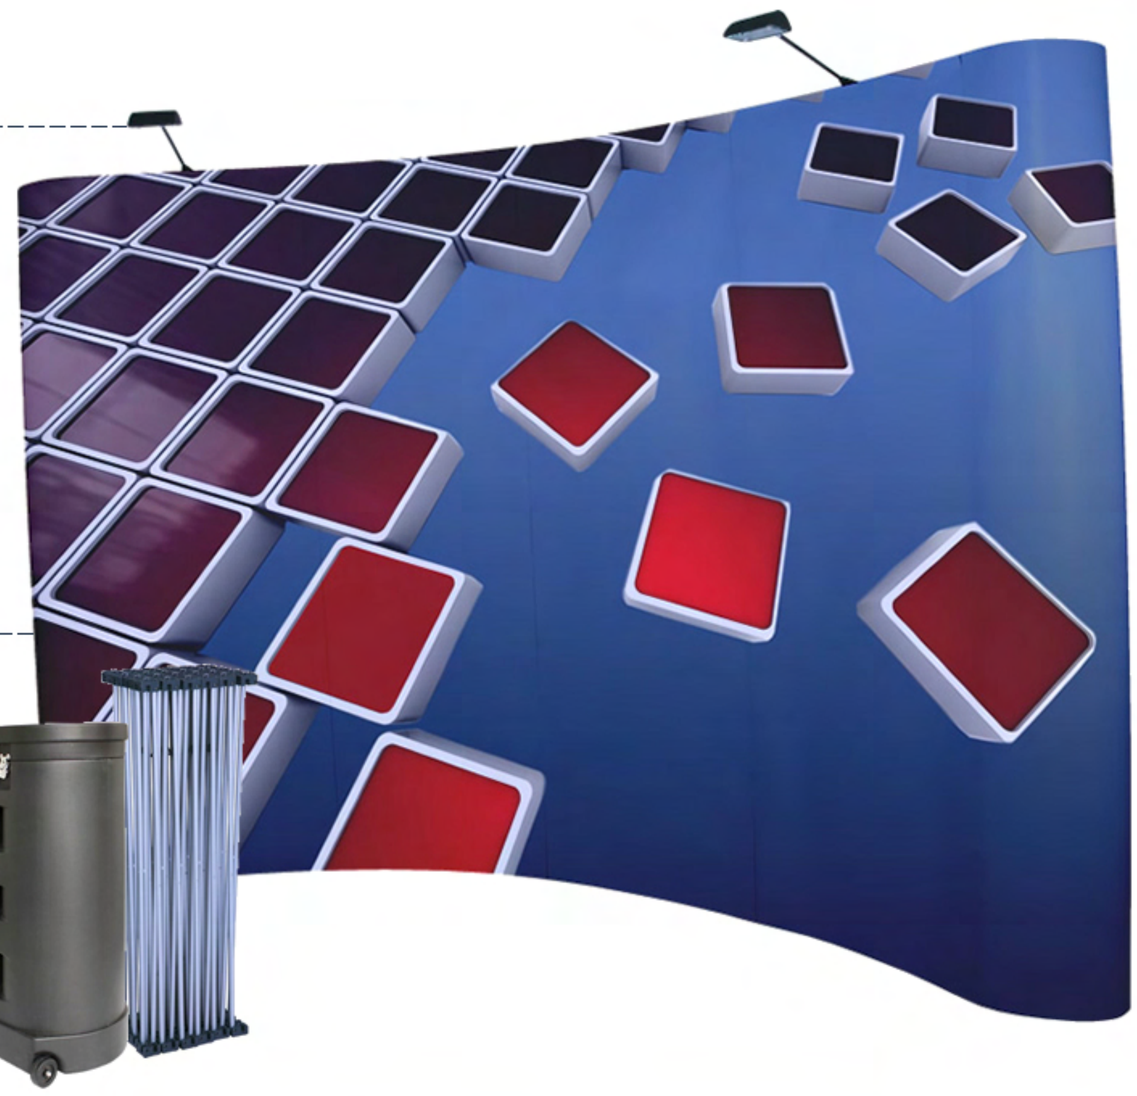

POP UP 200

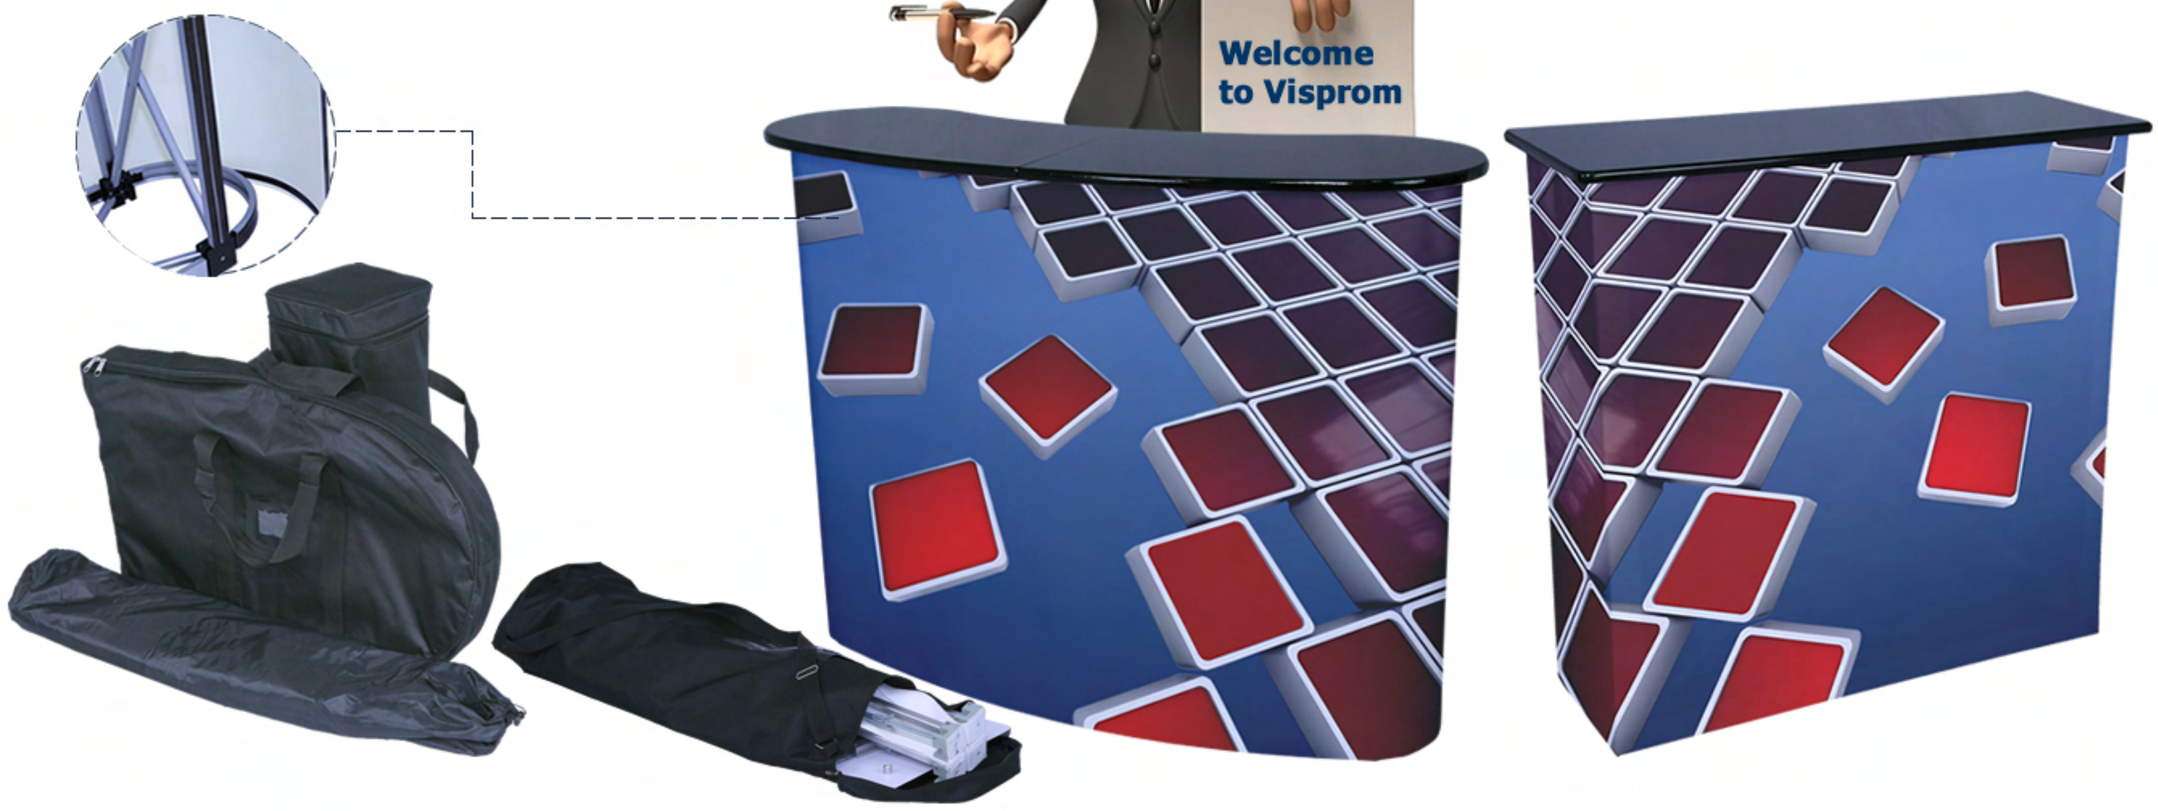

Gain exposure - The Pop Up 200 provides an alternative to using a fabric display wall. It uses stiff polyfilm panels to create the curved look. Its structure provides stability and the included lights are a great addition to this display solution. The Travel Case makes transporting of the Pop Up 200 trouble-free without the worry of leaving anything behind.

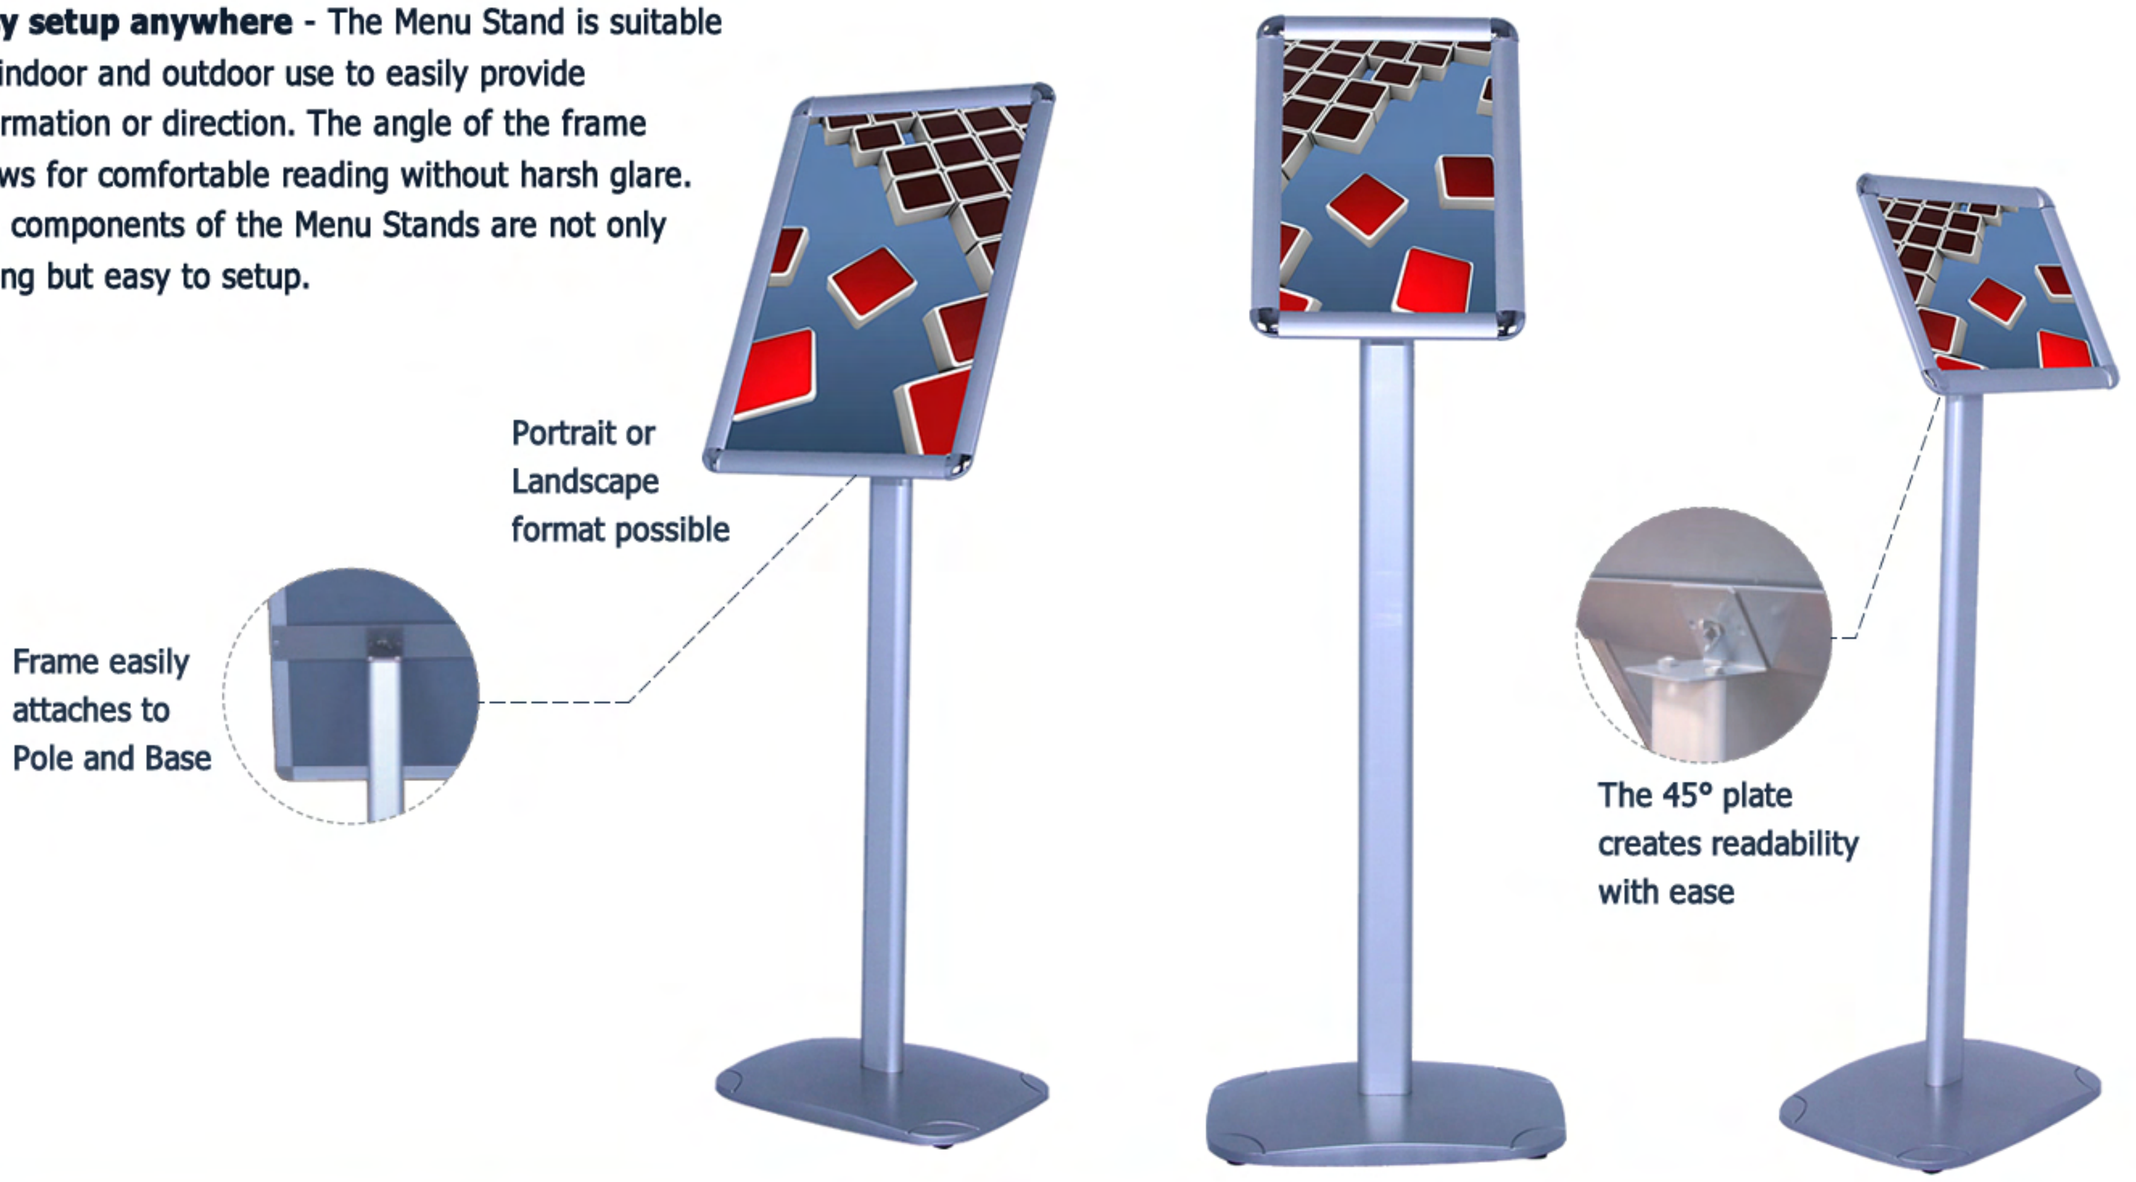

COUNTERS

Optimal advertising space - Counters are a great way to enhance an advertising space along with providing space for product exposure. Counters set up fast and prints can be changed as needed. There are two style options available. Both are portable and store away in their own Carrying Case for easy transporting. Let the practical and attractive design of the Counters create the functional area you desire.

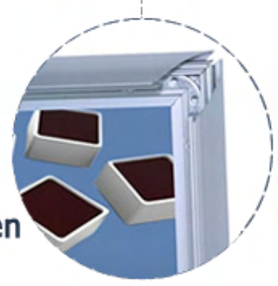

MENU STANDS

Easy setup anywhere - The Menu Stand is suitable for indoor and outdoor use to easily provide information or direction. The angle of the frame allows for comfortable reading without harsh glare. The components of the Menu Stands are not only strong but easy to setup.

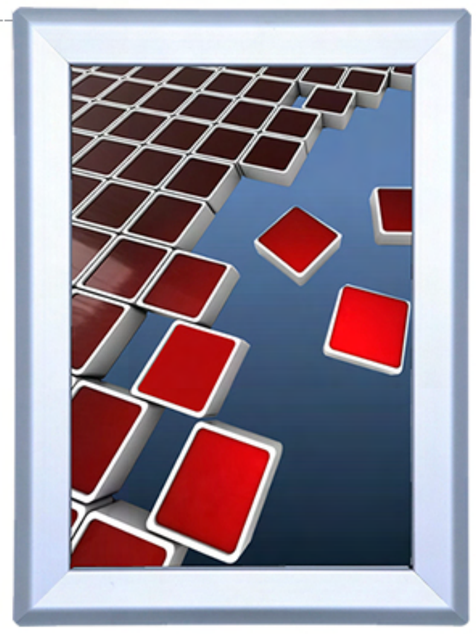

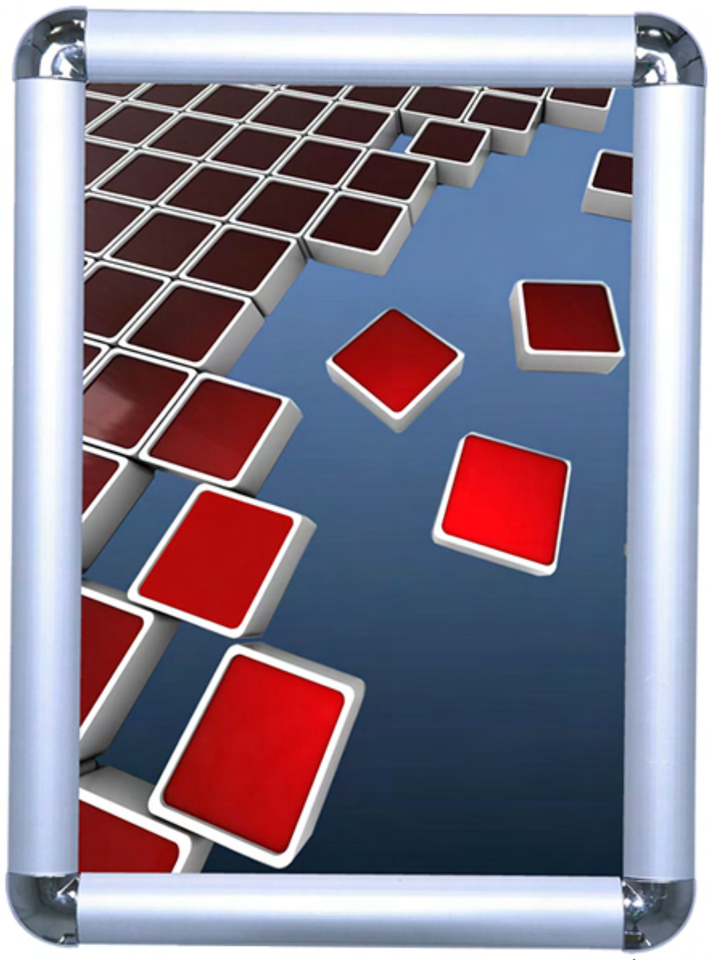

WALL FRAMES

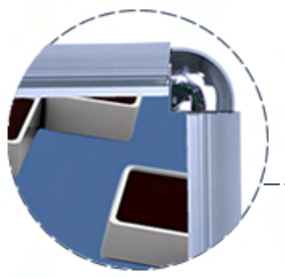

Get the most exposure - The Wall Frames collection offers an easy-to-change system for any retail setting. As promotions change, the graphics in the Wall Frames can change just as easily. Just click open, change, and snap closed!

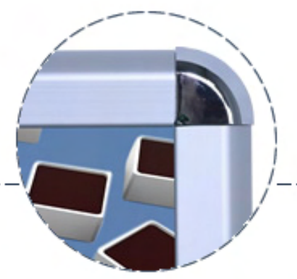

Wall Frames Square
closeup of frame open

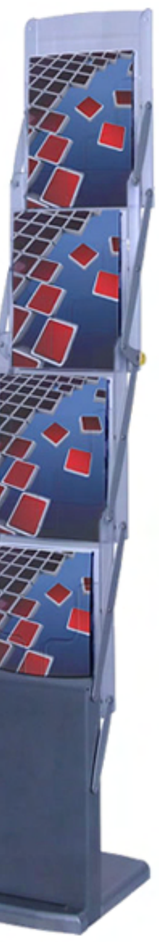

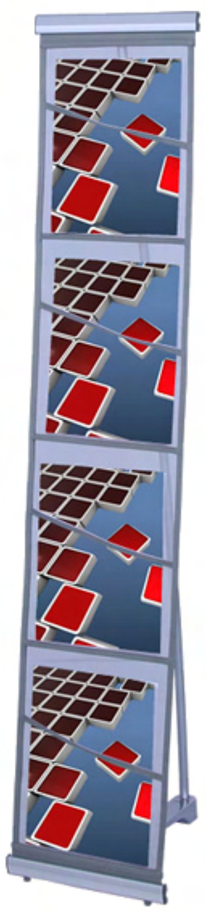

LIT-RACKS

A simple solution - Lit-Racks are great for displaying samples, brochures, or a little something extra about your company. The construction of the Lit-Racks allows them to be collapsed for traveling. The simple structure and versatile usability of the Lit-Racks makes them ideal for any business or tradeshow booth.

For transport

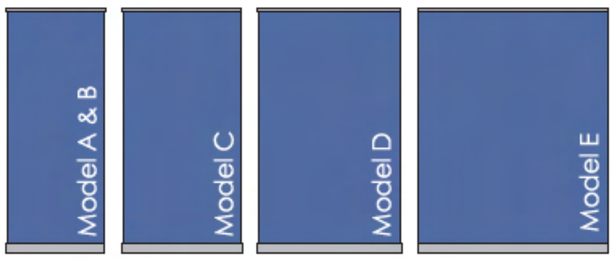

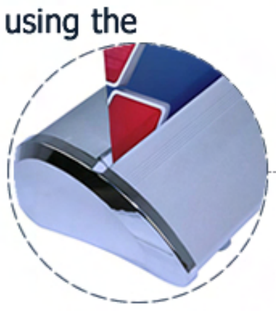

ROLL UP 100

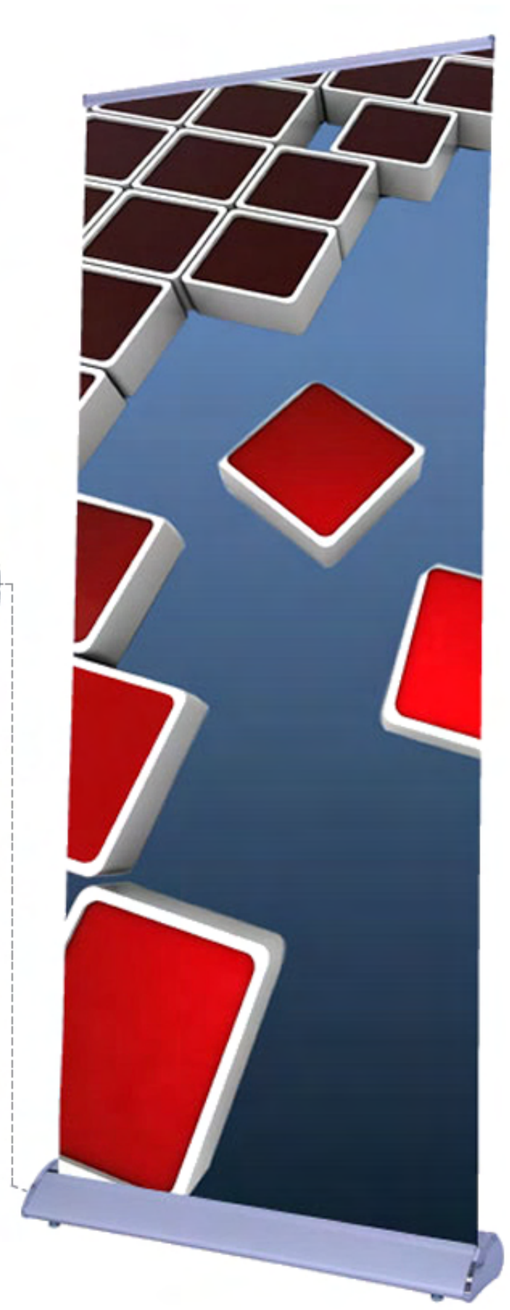

Quick and easy - The Roll Up 100 is our most popular banner stand. It's high quality hardware and sleek look makes it an asset to any indoor promotion. This display is retractable, height adjustable, and is available in several widths. The print can be removed in a few steps, making this display versatile for changing environments. The "rolling" feature allows the display to be setup and taken down in a matter of seconds and provides adjustable tensioning. Transporting is safe and secure using the Carrying Case, which holds all components.

Models Available:

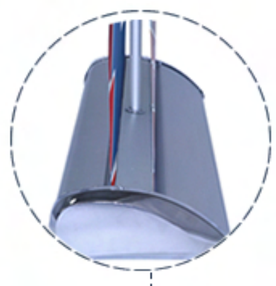

Print mounted on Roll Up 100 Single

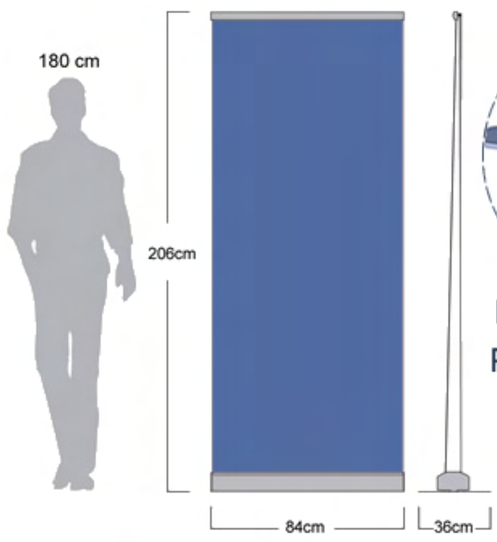

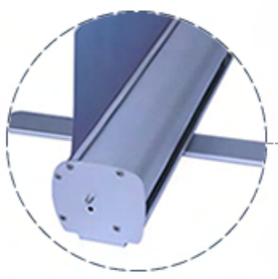

ROLL UP 200

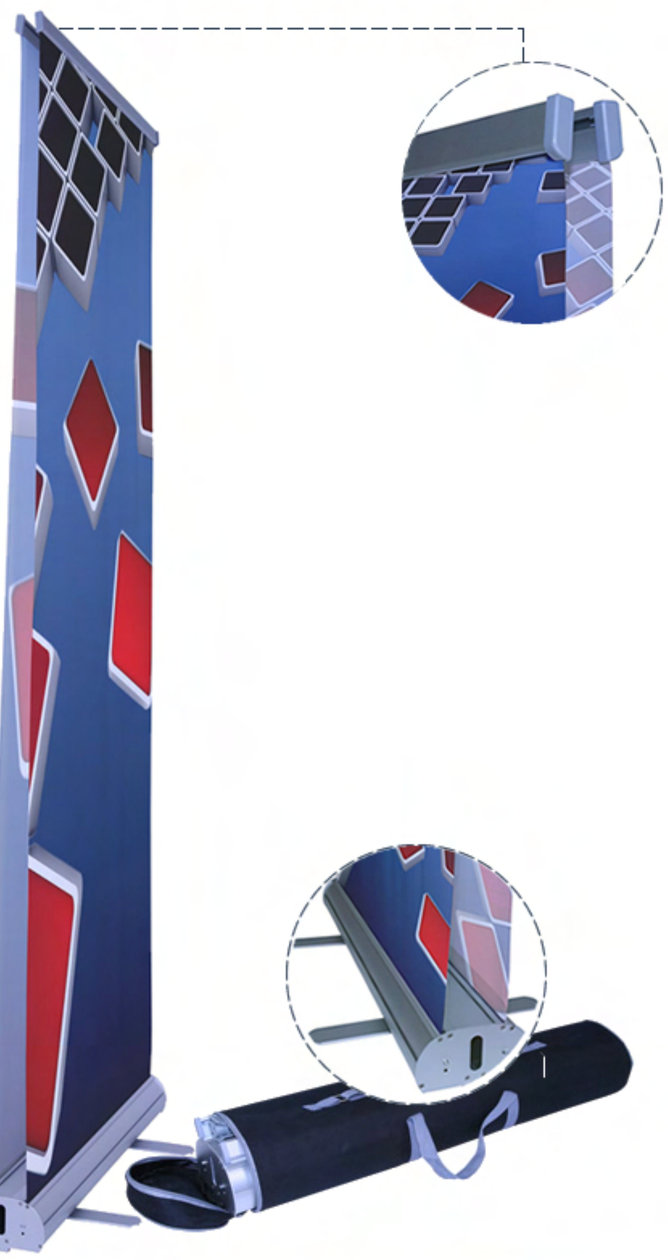

Inexpensive promotion - The Roll Up 200 is an inexpensive banner stand for promoting your products or services. This display is retractable, making setup fast and easy along with collapsible feet for stability! It provides similar advantages of the Roll Up 100 without the cost. Prints are mounted using clamping rail at the top and adhesive at the bottom. A Carrying Case is also provided for safe transporting.

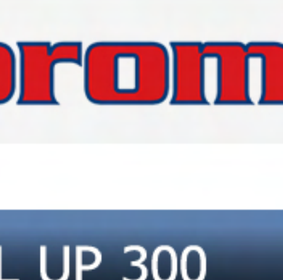

Print mounted on Roll Up 200 Single

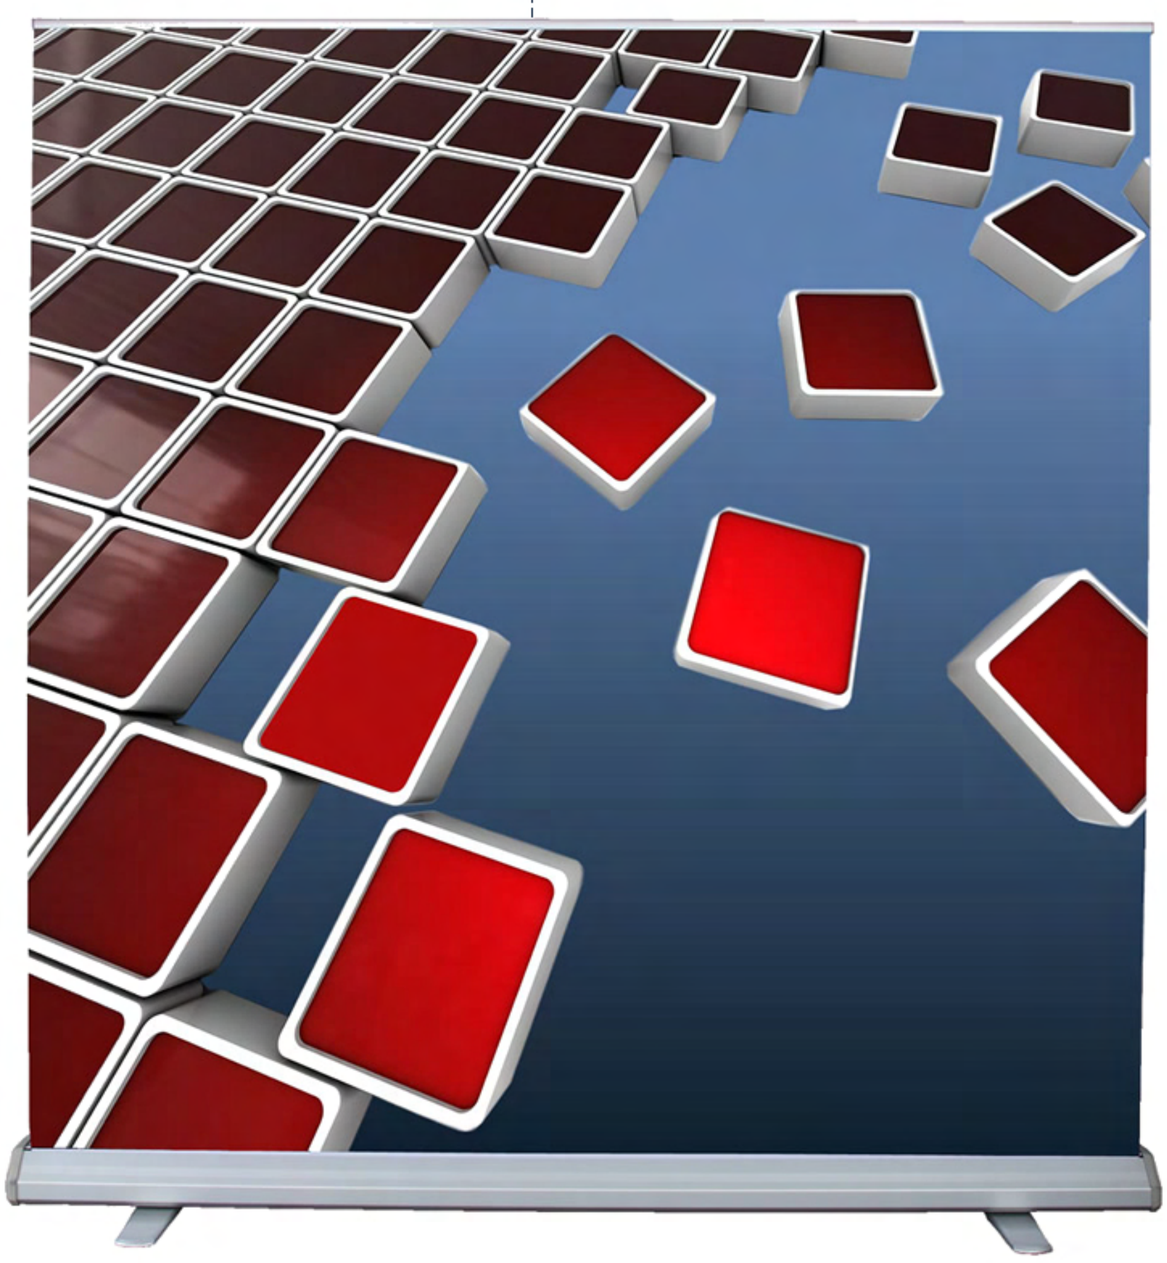

ROLL UP 300

Inexpensive promotion - The Roll Up 300 is an inexpensive banner stand for promoting your products or services. This display is retractable, making setup fast and easy along with collapsible feet for stability! It provides similar advantages of the Roll Up 100 without the cost. Prints are mounted using clamping rail at the top and adhesive at the bottom. A Carrying Case is also provided for safe transporting.

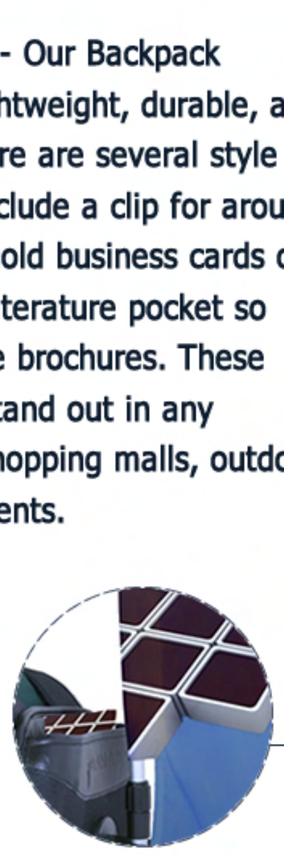

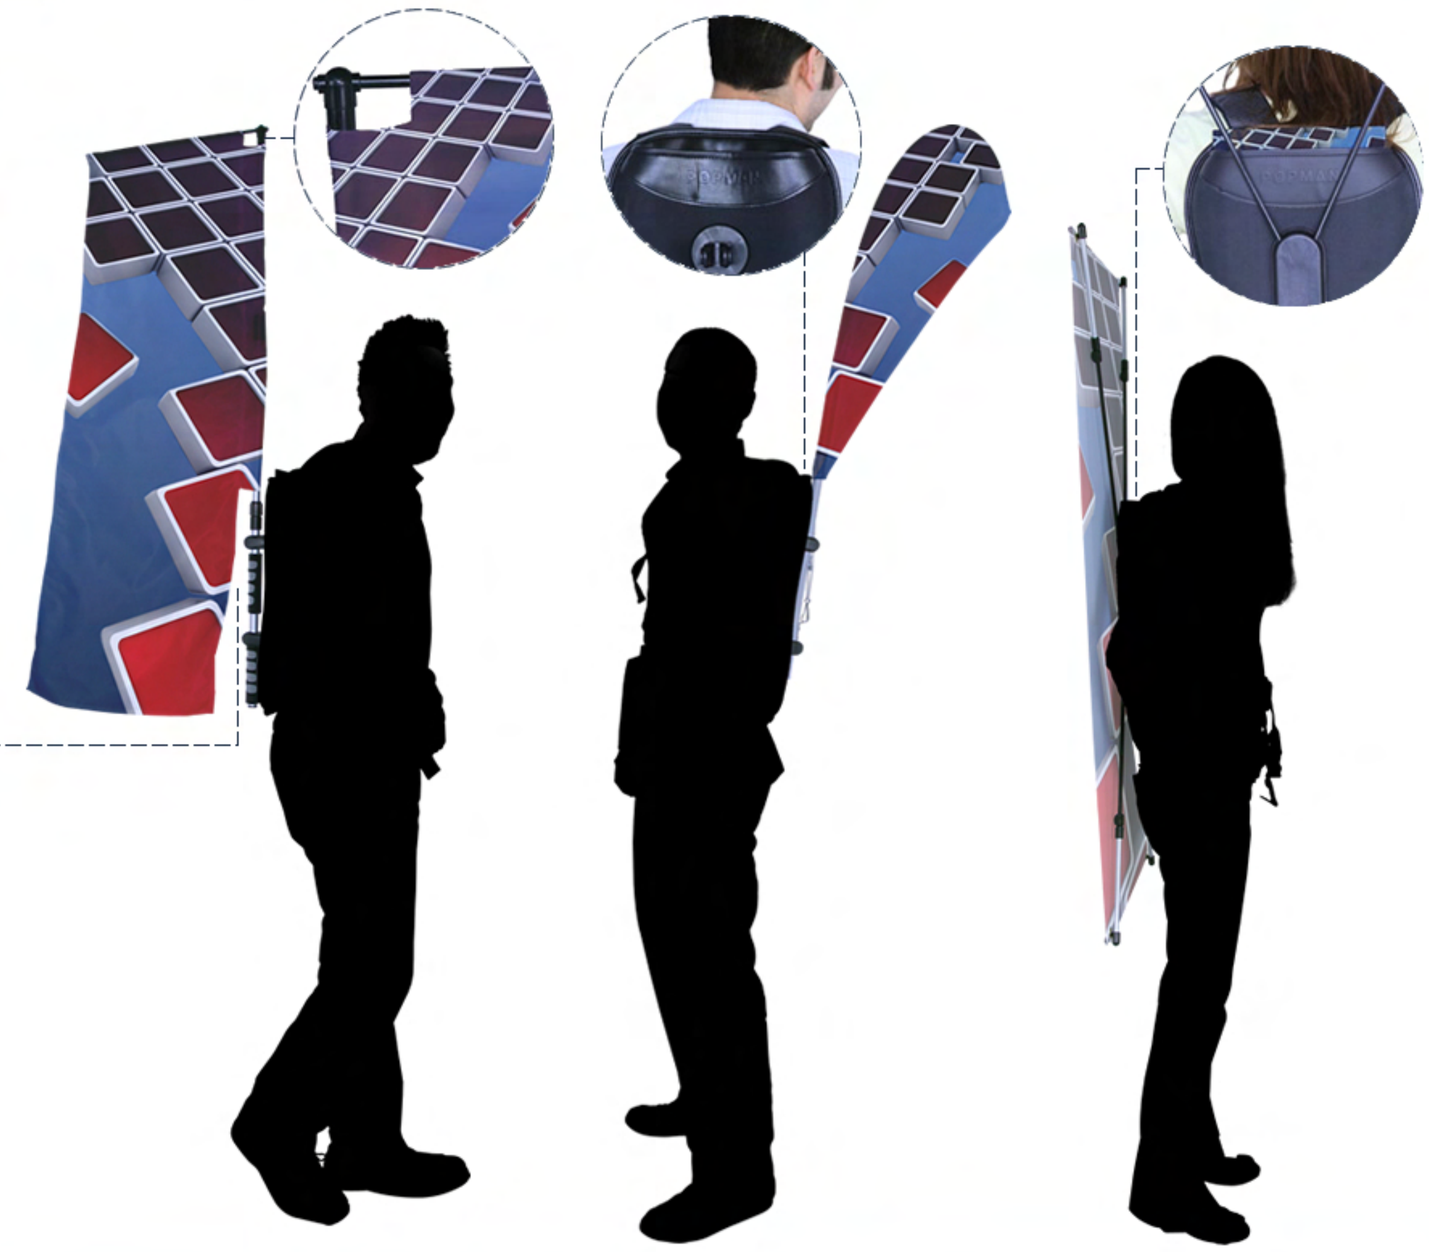

BACKPACK ADVERTISING

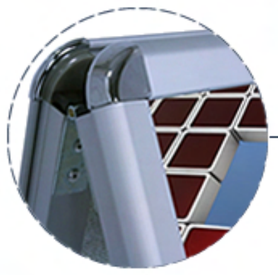

Unique mobile products - Our Backpack Advertising products are lightweight, durable, and completely hands-free. There are several style choices available that all include a clip for around the waist, side pockets to hold business cards or a cold drink and a built-in literature pocket so you can store and distribute brochures. These Backpack Advertisements stand out in any crowded location such as shopping malls, outdoor store fronts, and special events.

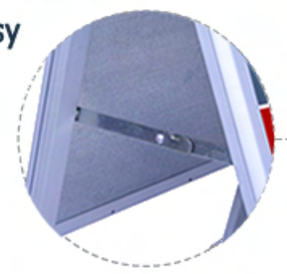

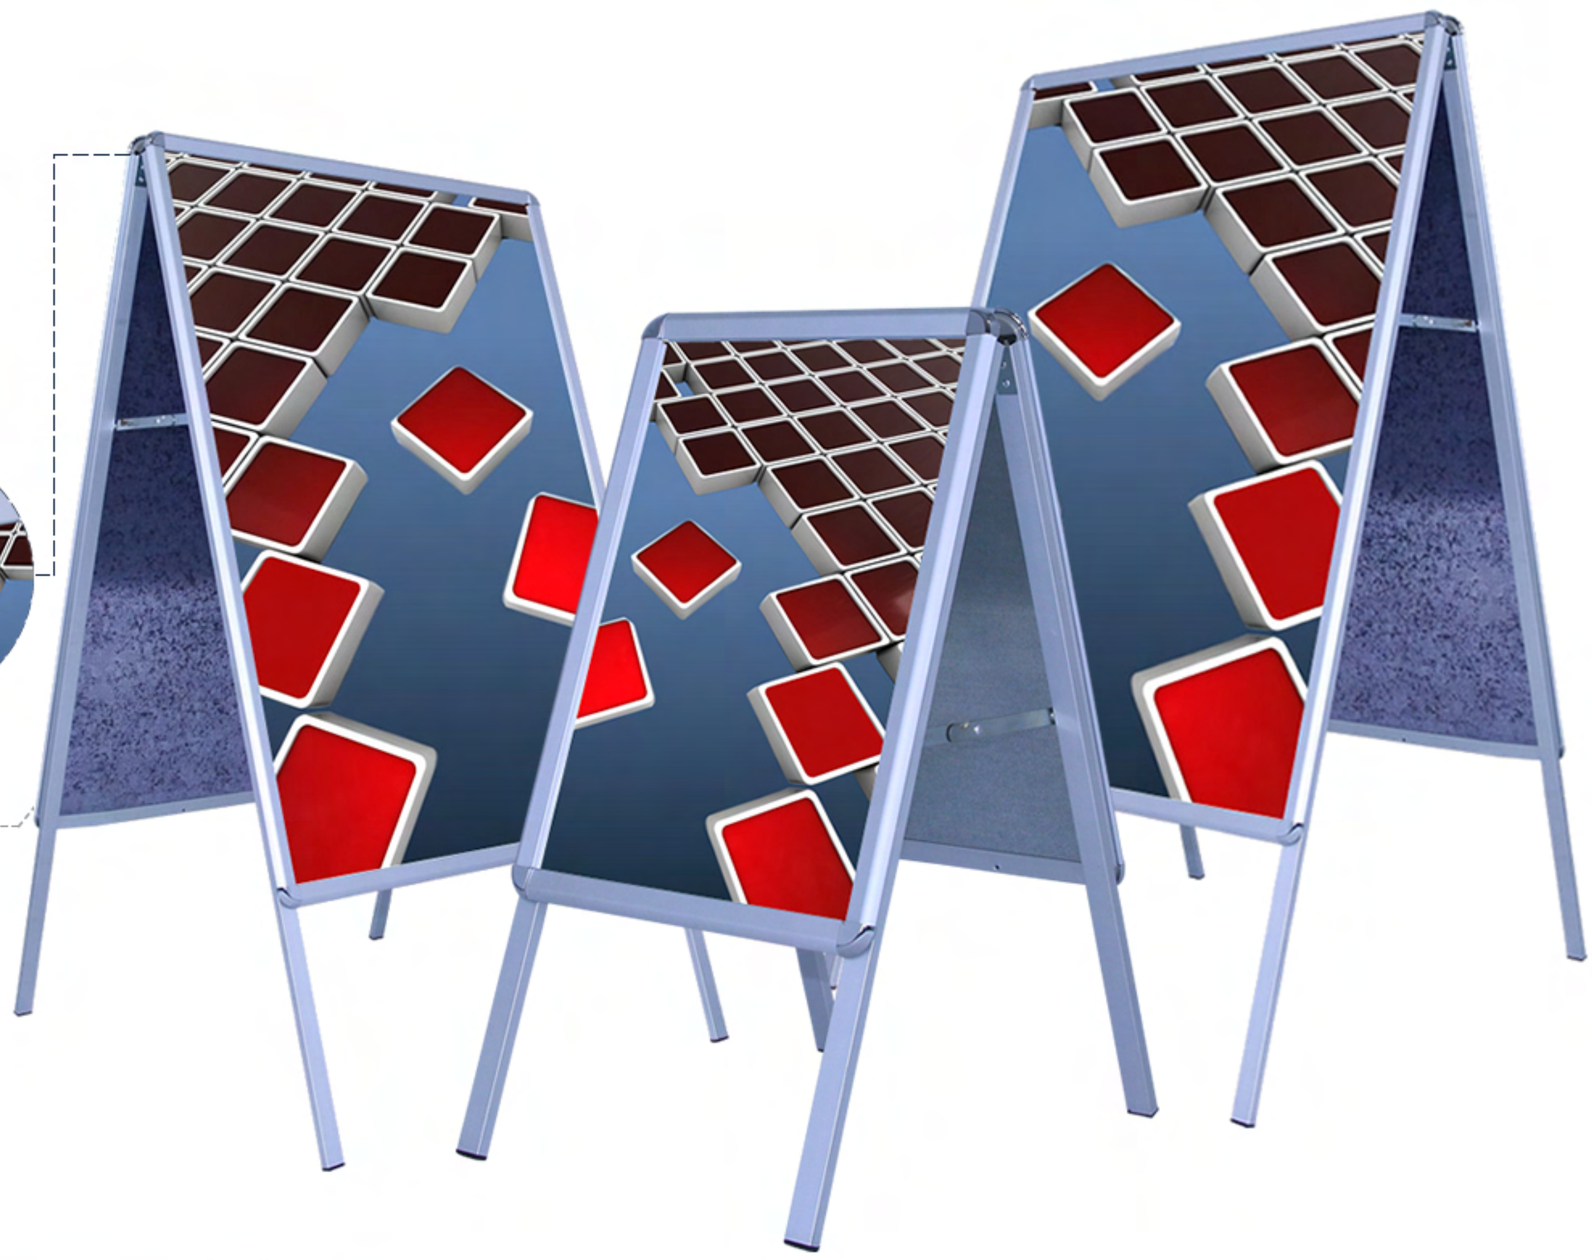

A-BOARD

Success in a snap - The A-Board catches the attention of not only pedestrians but motorists passing by. It can be setup easily outside grocery stores, gas stations, and restaurants. The prints are protected from outside elements with a clear protective cover. The simple changing of advertisements, balanced weight of the frame, and visibility of two different prints all add to the success of this A-Board.

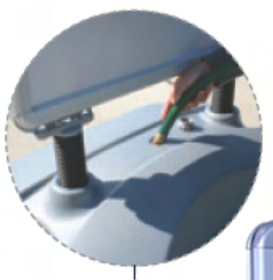

Hinge allows A-Board to fold for easy transport.

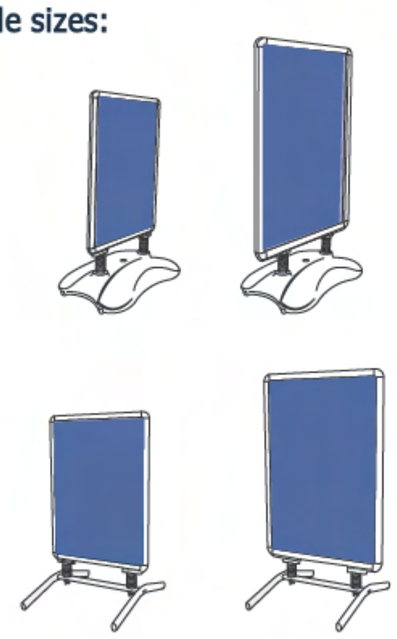

SIDEWALK WATER BASE / METAL BASE

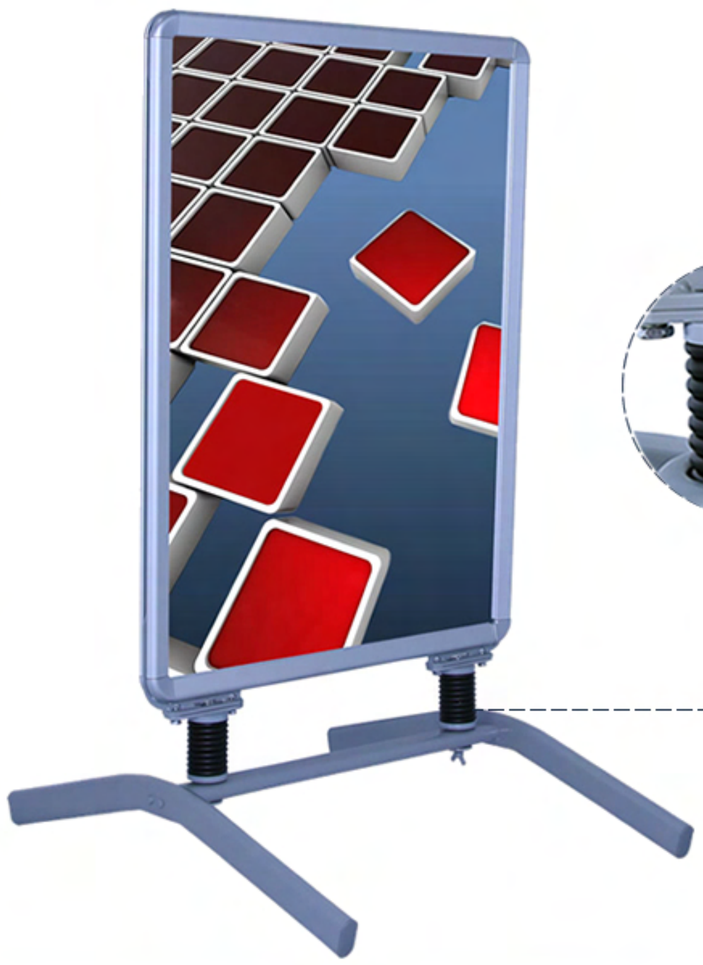

A place in the crowd - The Sidewalk Water Base and Sidewalk Metal Base are great for events and shopping centers. They are displayed by connecting the flexible springs on the frame to the chosen base. Both styles can be used anywhere a double-sided display is needed.

Base can easily be filled with water to provide more stability

Available sizes:

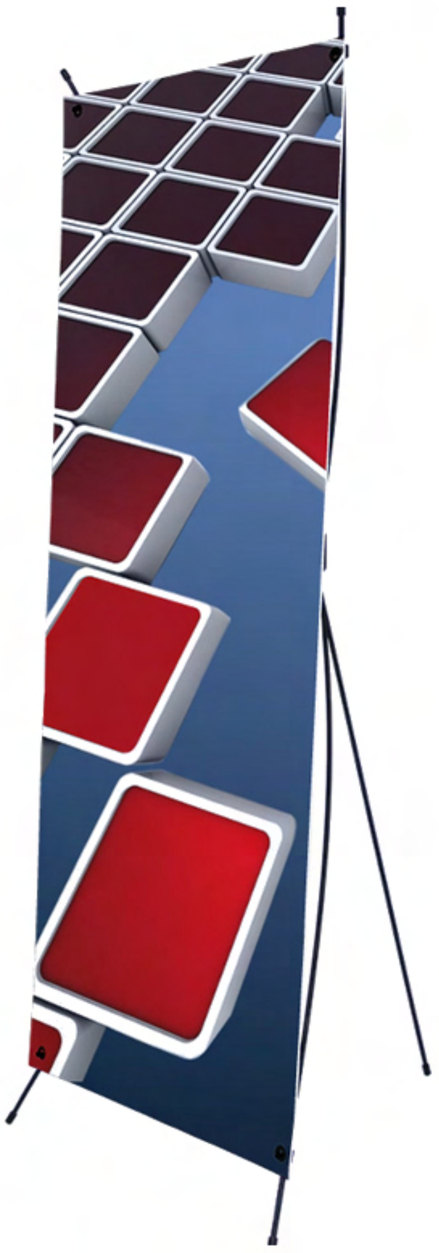

X-BANNER

Stand out from the crowd - The X-Banners are ideal for promotional use at large events, tradeshows, and high traffic areas. They can be easily moved from place to place to be used in different settings. Changing the print is extremely easy with the simple step of removing the print from the provided corner hooks. No need to worry about losing any components when using the provided Carrying Case. The X-Banners are a smart solution to trouble-free advertising.

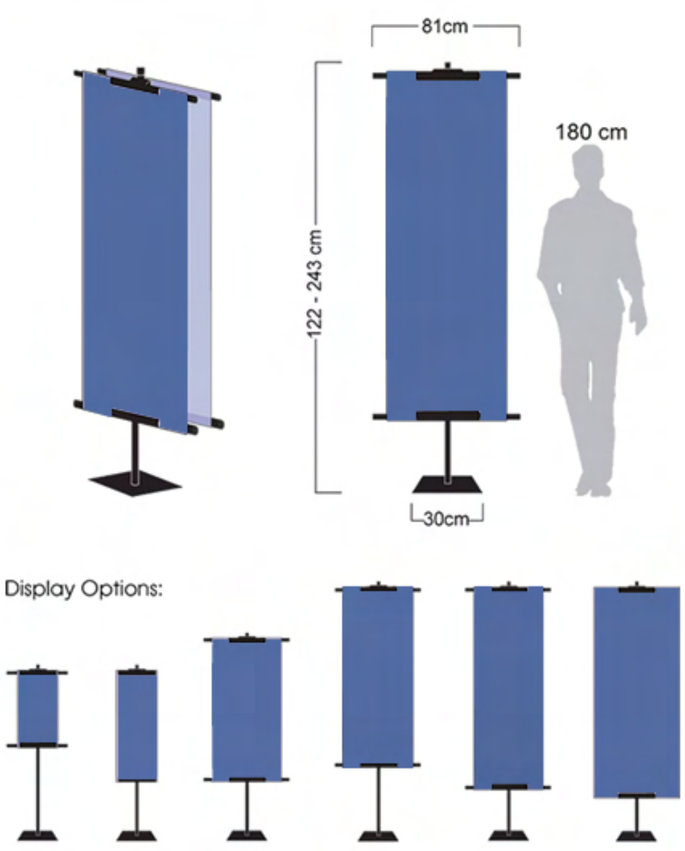

CLASSIC STAND

Always in style - Whether it's in an office, retail storefront or at a tradeshow, the Classic Stand is the standard model for any promotion. The traditional design will remain in style and create attention for your message. With the adjustable hardware, several fabric or vinyl banner sizes are available!

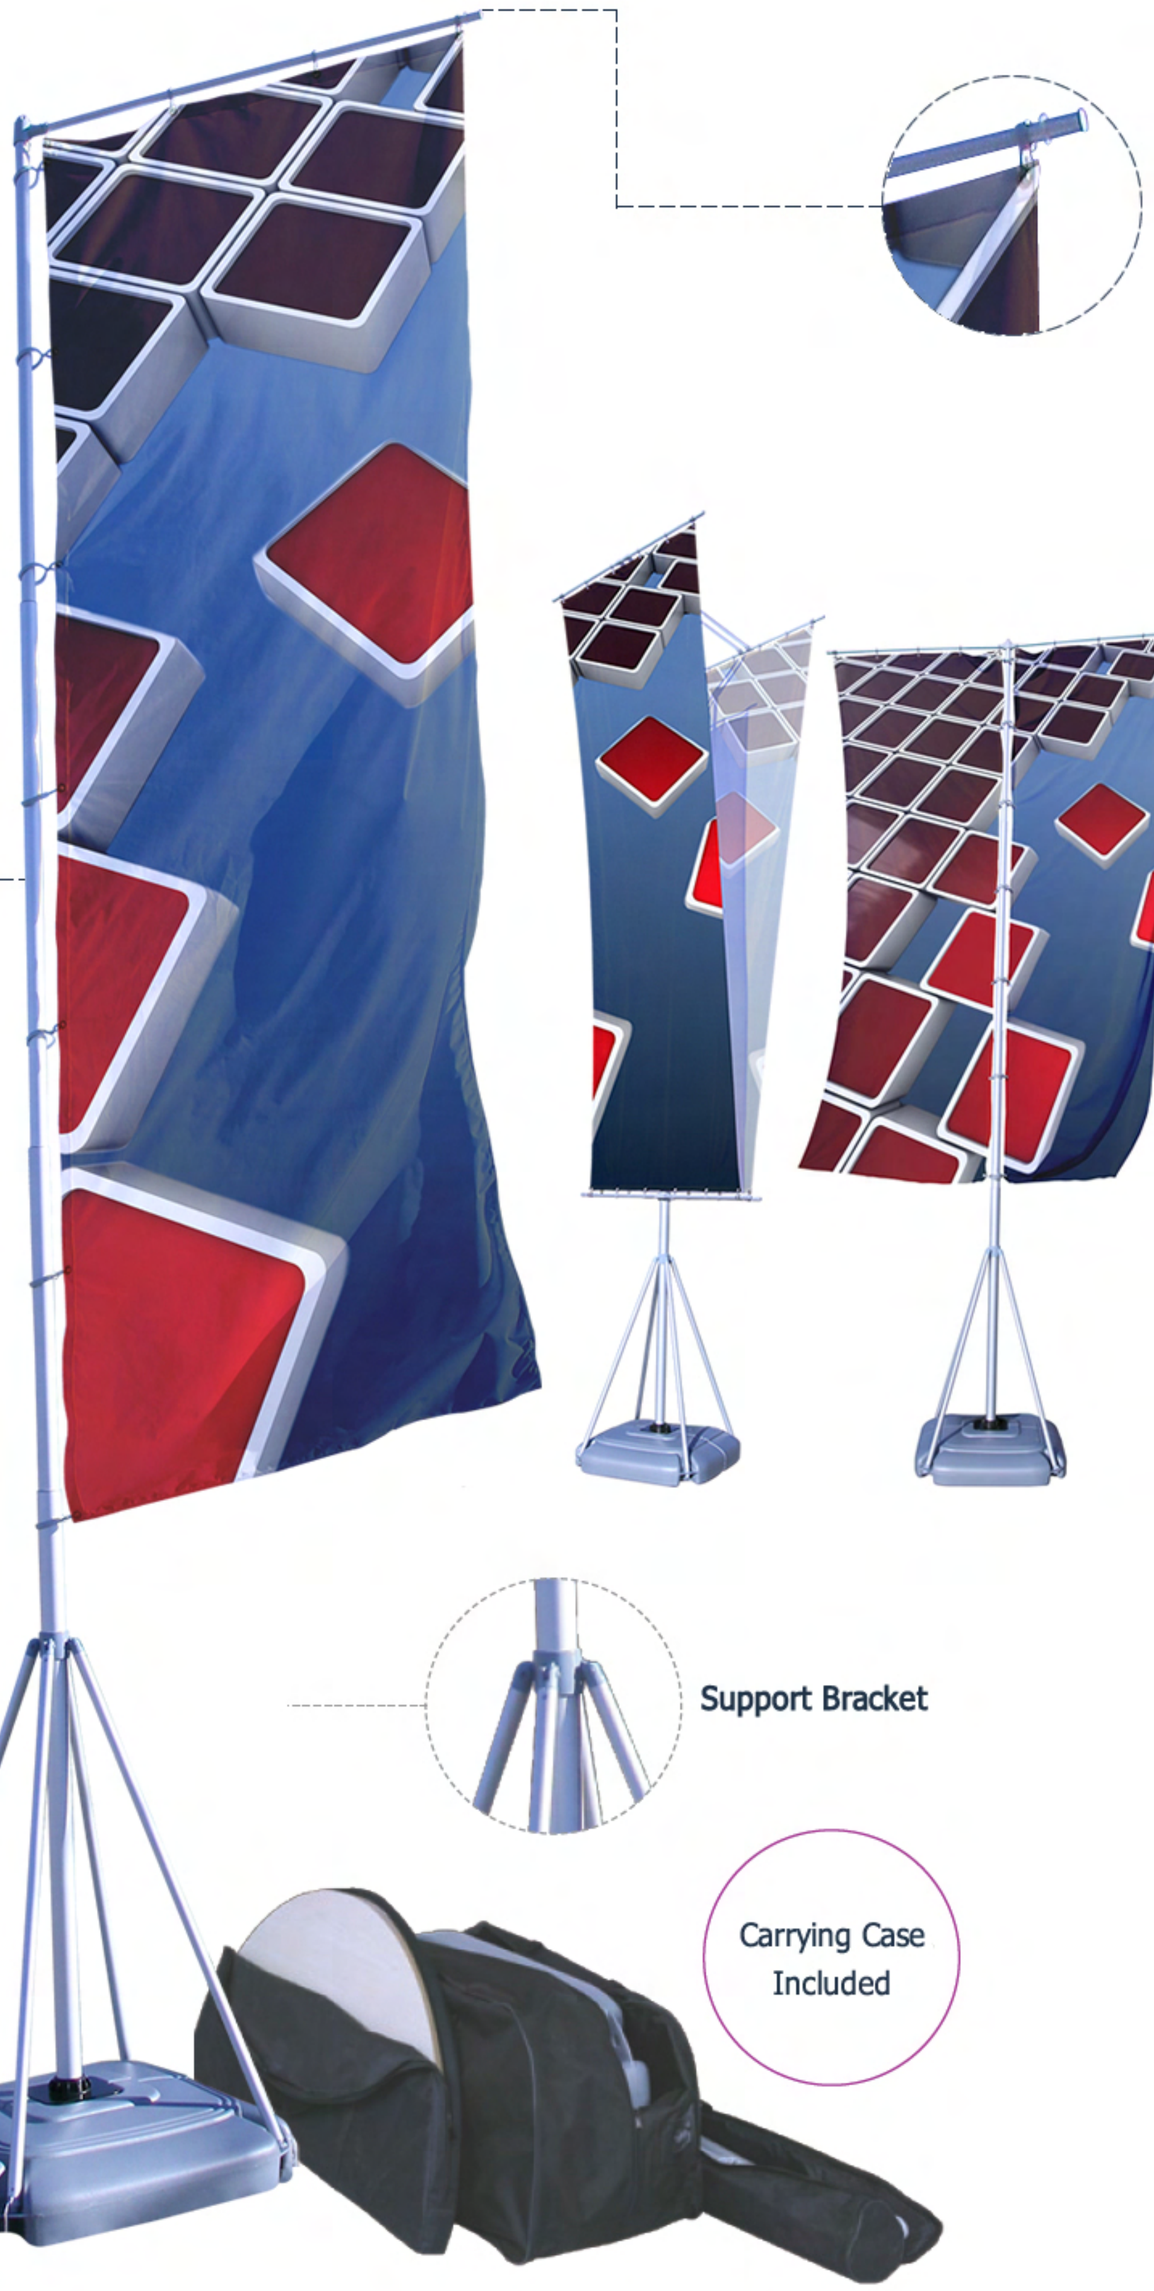

EMPIRE POLE

Get noticed - The Empire Pole is a complete, high quality indoor and outdoor flag display solution. The Empire Pole Single, Empire Pole Double, Empire Pole Parallel and Empire Pole Tripple models use one or more banner arms to display your advertising message and keep the flag or flags perfectly presented with or without wind. The Empire Pole Parallel model features four banner arms to display both flags parallel to each other. All Empire Pole models stand over 5 meters above the ground and have several bases available. The Empire Pole product line is unique to fit any application.

Flag secures to Pole using Flag Rings

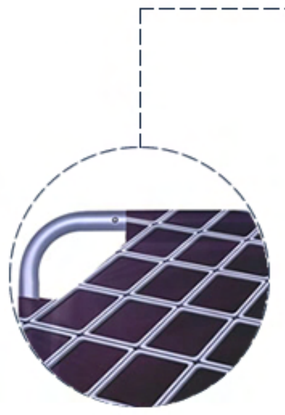

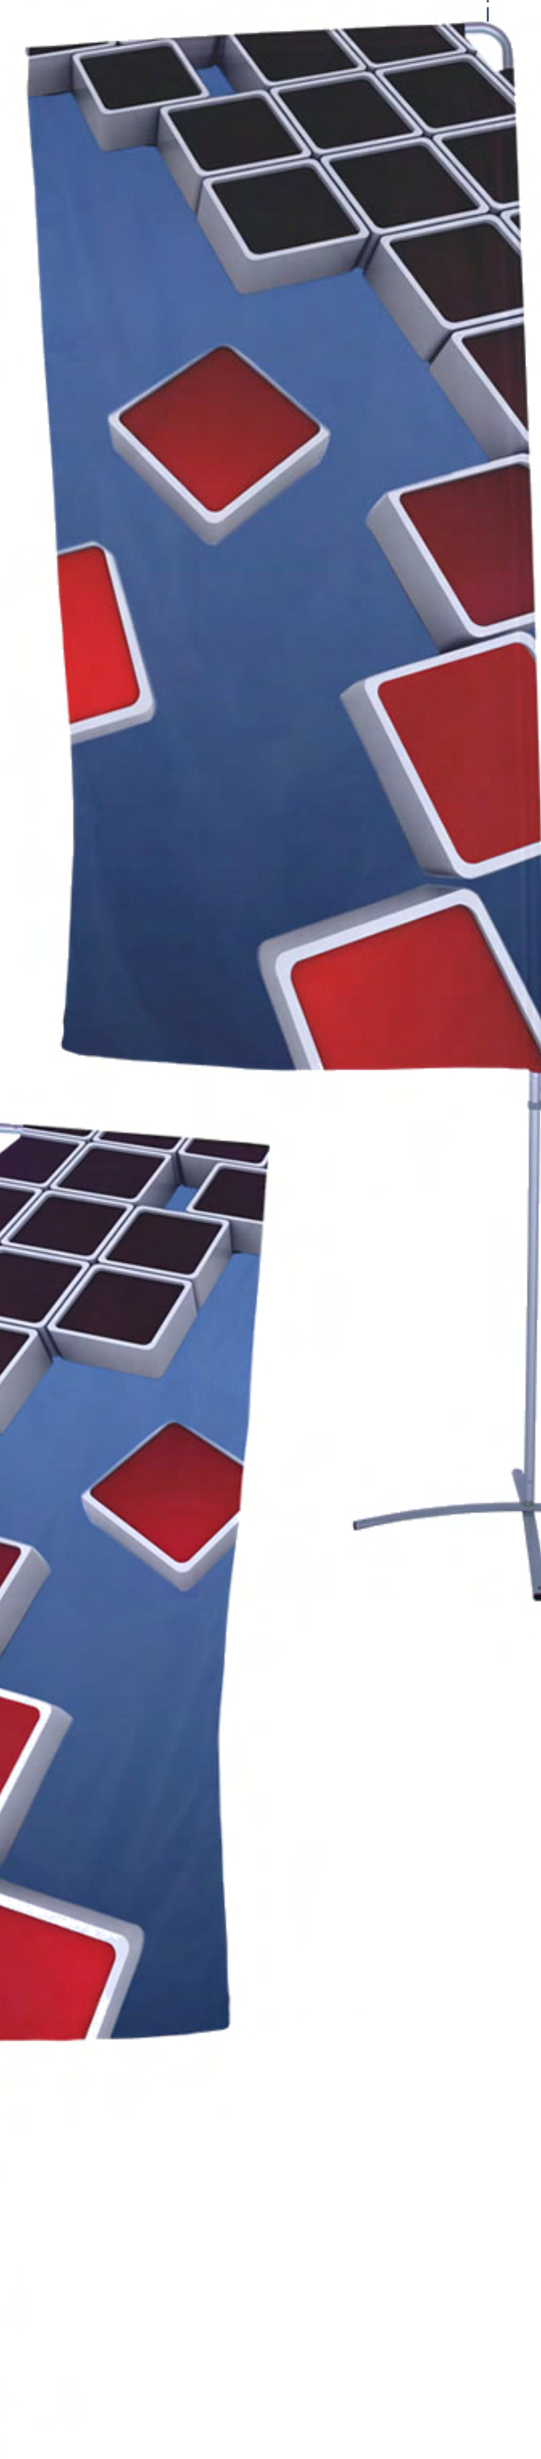

Support Bracket

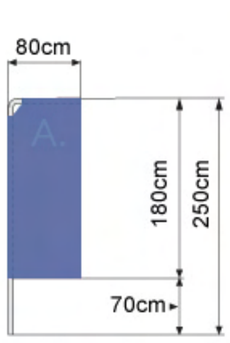

Carrying Case Included

EMPIRE POLE ECONOMY

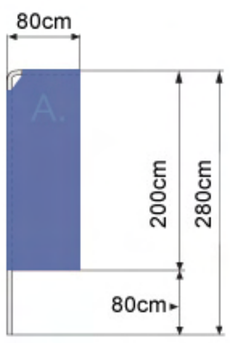

An alternative to traditional - The Empire Pole Economy is the ideal way to display a flag indoors or outdoors. Empire Pole Economy 100 uses a banner arm which ensures that flags will always be fully displayed. The flags for Empire Pole Economy 200 and Empire Pole Economy 300 are hemmed closed at the top, slide onto the pole, and secure. All types of Empire Pole Economy are easy to assemble - simply connect the pole segments, mount the flag, and display.

WINDSAIL T, TABLE FRAME, X-STAND T, TABLE FLAG, TABLE BANNER

Bring more to the table - The wide variety of tabletop displays is great for retail stores, restaurants, and any business environment. Each product has a different look and feel, which appeals to many audiences. Increase visibility by choosing a double-sided or custom cut tabletop display.

POP UP T

Focus attention - The Pop Up T incorporates the benefits of the original Pop Up 100 minimizing it into a smaller, convenient tabletop display. This display can be utilized for trade shows when a full-size floor display is not needed. Use on any table to create height! The Pop Up T is great for one person presentations as an effective communication tool or as a centerpiece for a room.

TUBE SHAPES

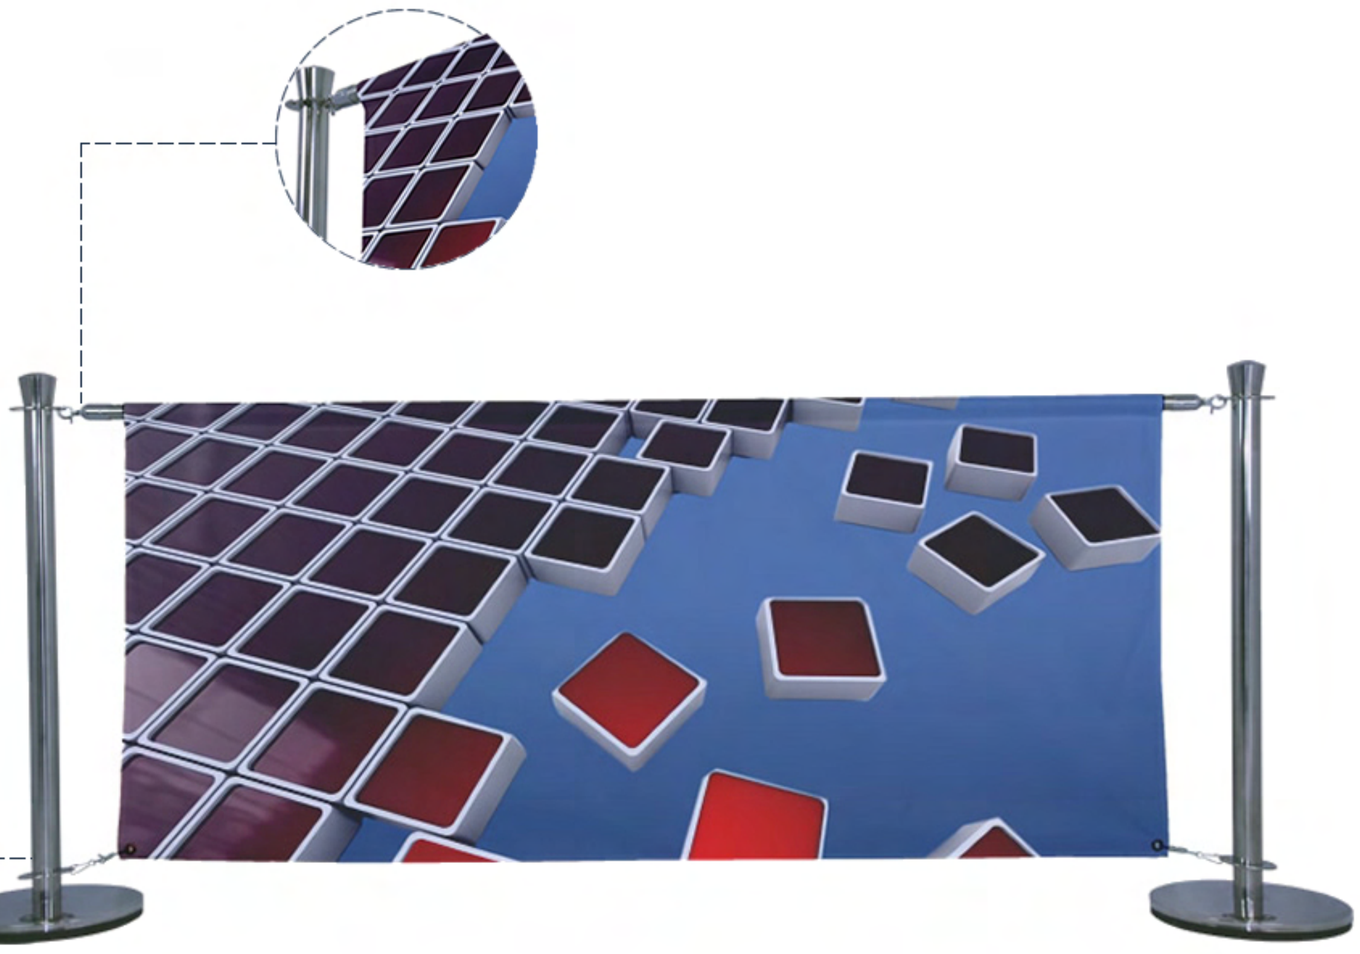

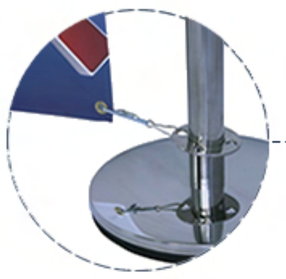

BARRIER SYSTEM 100

Functionality at its best - The Barrier System 100 generates an area for advertising space making it a great alternative to using the traditional stanchion and rope system. The chrome stanchion is sturdy and weighted to minimize unwanted movement. Prints slide on the horizontal pole easily and mounting is simple!

The connector Plate helps keep the print taut

BARRIER SYSTEM 200

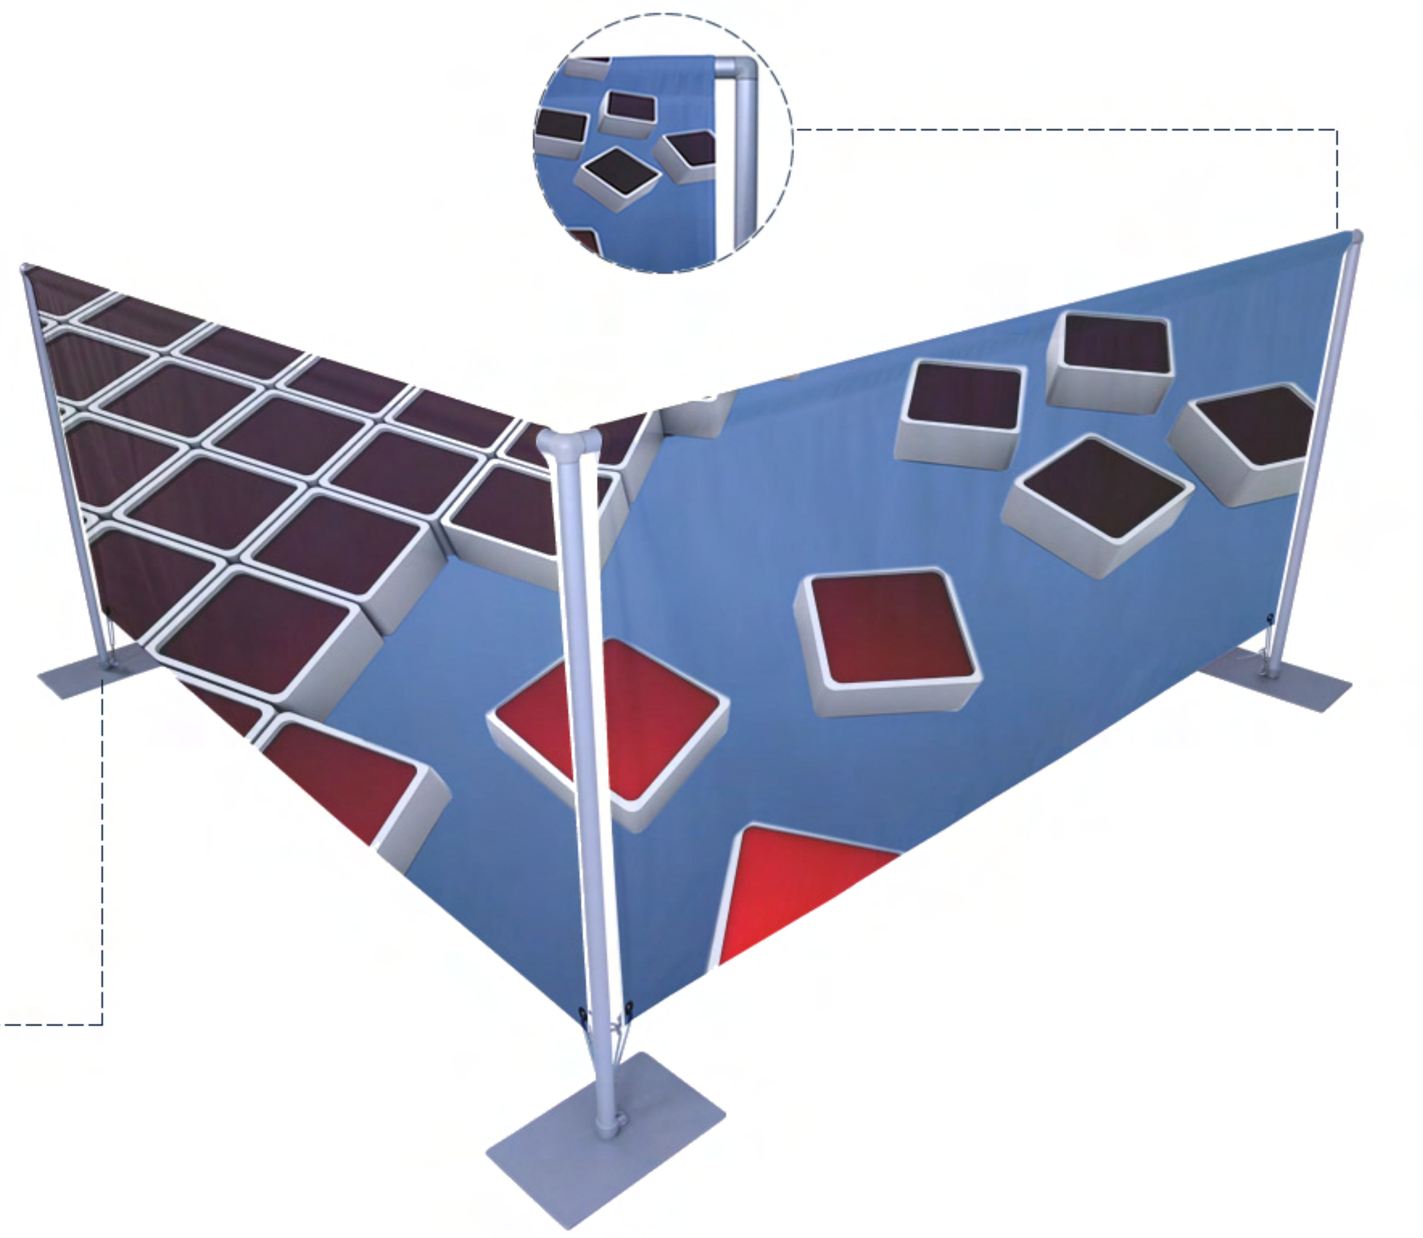

Economical functionality - The Barrier System 200 is ideal for indoors and outdoors and has many bases available. It is great for a variety of environments such as cafés, restaurants, sporting events, or exhibitions. By enhancing the Barrier System with a custom printed banner, it is not only functional but useful in supporting and branding a company's advertising message.

STREET BANNER

Grab attention anywhere - Street banners integrate into daily routines and are hard to miss, making them an excellent choice for advertising or community decoration. We offer custom street banners and lightpole banners that can provide a great opportunity to display images anywhere. The simple system attaches seamlessly, allowing our street banners to have a classy, yet natural appearance. The fastening system is flexible but strong, and is usable on many lightpole sizes or other roadside fixtures where street banners are frequently used. Viewers also appreciate that they look great in any season.

Umbrella 180

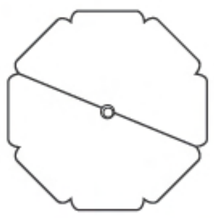

Your place in the sun - Ideal for both indoor and outdoor retail spaces, custom printed advertising umbrellas are an effective marketing tool. Images can be printed on the valance and/or segments. Complex images over more than one segment can be printed as duo deck or quattro deck. Whether it is a spot color print or a complex image, the best printing results combined with superior durability and color fastness are presented.

Quattro Deck

Duo Deck

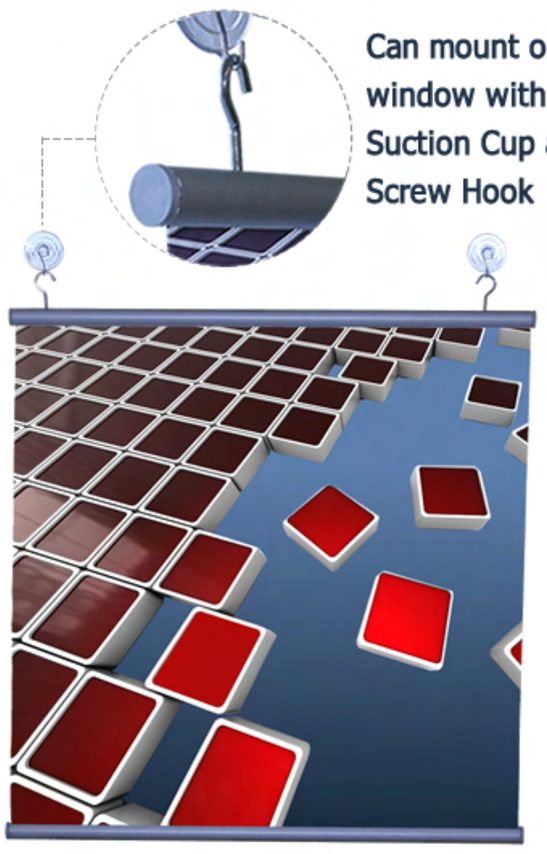

Alu Profiles

A quick solution - Our Aluminum Profiles provide an attractive hanging display for temporary or permanent signage. These profiles are great for large image displays in showrooms and at tradeshows. Replace wooden dowels and plastic frames with these sturdy Aluminum Profiles. Changing the print is quick and easy whether your campaign changes daily or once a year.

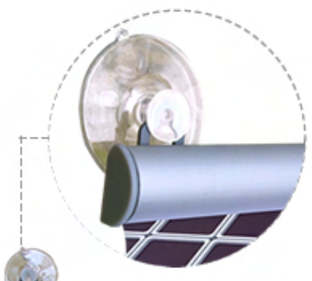

Aluminum Profile B is available in three sizes, 30mm, 22mm, and 16mm and is available in lengths up to 5.75m seamlessly

Aluminum Profile A

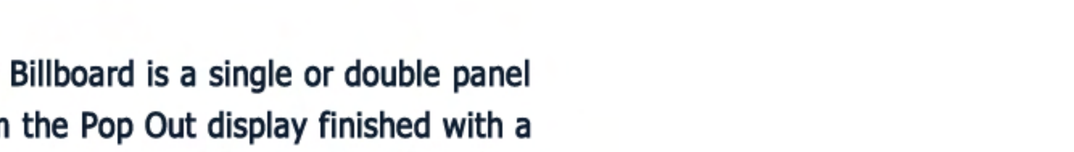

POP OUT

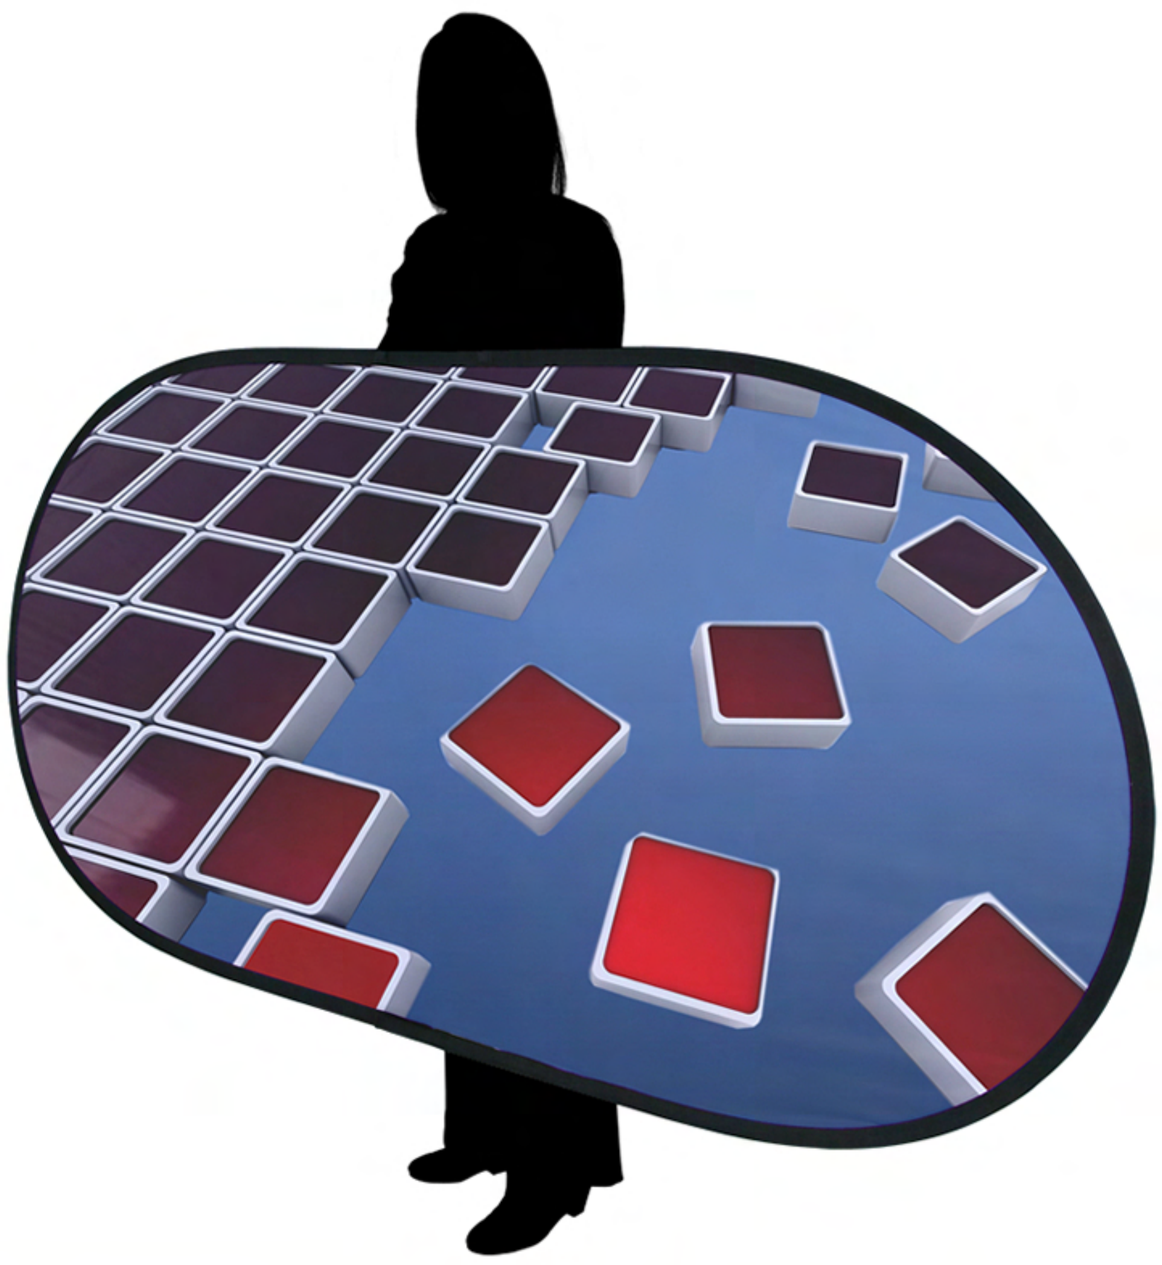

Making advertising simple - Displaying an advertising message has never been so quick and easy. The uniquely designed Pop Outs are highly visible and attract attention in both indoor and outdoor settings. Pop Outs are a quality alternative to traditional signs and will bring a modern look anywhere used. The exposure will also be doubled since the Pop Out has a print on both sides.

BILLBOARD

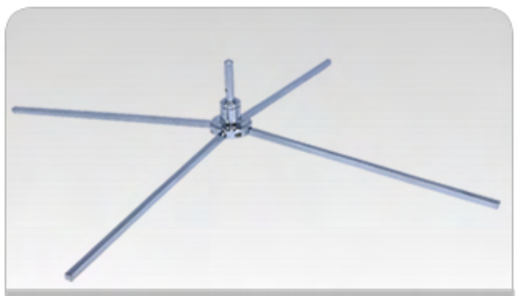

The Billboard is a single or double panel from the Pop Out display finished with a strap to be placed around the back of the neck or over the shoulders. It is not only effective but exceptionally lightweight compared to many solutions used in today's marketing campaigns. It allows the user to move about with ease and collapses to a compact storage size.
